The Young Russians:

The Young Russians Georgie Anne Geyer,1975 The Young Russians Borsi Pilnyak,1928 **The Naked Self** Patrick Stokes,2015 Across his relatively short and eccentric authorial career Soren Kierkegaard develops a unique and provocative account of what it is to become to be and to lose a self backed up by a rich phenomenology of self experience Yet Kierkegaard has been almost totally absent from the burgeoning analytic philosophical literature on self constitution and personal identity How then does Kierkegaard s work appear when viewed in light of current debates about self and identity and what does Kierkegaard have to teach philosophers grappling with these problems today **The Naked Self** explores Kierkegaard s understanding of selfhood by situating his work in relation to central problems in contemporary philosophy of personal identity the role of memory in selfhood the relationship between the notional and actual subjects of memory and anticipation the phenomenology of diachronic self experience affective alienation from our past and future psychological continuity practical and narrative approaches to identity and the intelligibility of posthumous survival By bringing his thought into dialogue with major living and recent philosophers of identity such as Derek Parfit Galen Strawson Bernard Williams J David Velleman Marya Schechtman Mark Johnston and others Stokes reveals Kierkegaard as a philosopher with a significant if challenging contribution to make to philosophy of self and identity
