Theism Or Atheism

Bruce Sheiman

Theism Or Atheism:

Theism or Atheism F.F. Centore,2017-11-22 From the time of the thinkers of ancient Greece the question of what can be said about the existence and nature of God has been debated by many philosophers and theologians In Theism and Atheism The Eternal Debate F F Centore presents a broad analysis of the major positions that address the question and the thinkers who have contributed to the debate This is an admirably lucid and thorough examination of the history of natural theology Covering the material in a thematic rather than in a strictly chronological way Centore draws out the key positions on topics such as the relationship of science and religion the problem of evil Naturalistic and Supernaturalistic theism and the dispute between essence and existence The proponents of the various positions are considered alongside their most explicit critics Important thinkers dealt with in this work include Plato Aristotle Aquinas Descartes Pascal Kant Hume Hegel Nietzsche Freud and Darwin The diversity of exploration also goes beyond the Judeo Christian tradition to look at Hinduism Buddhism Stoicism Zoroastrianism Confucianism and Classical Paganism This work however is much more than a survey of the major historical arguments and rebuttals concerning God s existence and nature Overall it is a work by a well established Catholic philosopher who concludes that God s existence and nature are indeed compatible with modern science human freedom and the existence of evil in the world

Theism Vs. Atheism David G. Mutchler,2021-11-08 The greater part of awareness is a mind open to new ideas We live in a world at high risk of widespread catastrophe The existential threats that engulf us are huge and solutions are slow in coming in large part because of the ideological disagreements that stand in the way of full scale international cooperation High on the list of those divides is the theism atheism schism which continues to heat up due to the fact that theism especially Christianity is in significant decline while atheism is expanding rapidly Trends strongly suggest that the number of atheists in the world will steadily approach the number of Christians And due to their completely opposite views on the all important subject of God the disdain between them will likely become increasingly combustible as each side fights for dominance The battle between them could seriously dampen any promise of full blown international teamwork to prevent unimaginable global disaster Theism Vs Atheism Where the Twain Shall Meet is about healing the theism atheism divide while there is still time Doing so will bring renewed hope that peace on earth is still a real possibility

Theism Or Atheism W. T. Lee,1896 [Theism Or Atheism](#) W T Lee,G W 1850-1915 Foote,2025-05-22 Theism or Atheism Which is More Reasonable presents a compelling 19th century debate between W T Lee and G W Foote exploring the fundamental question of belief in God Lee argues in favor of theism presenting classical arguments for God s existence and addressing common objections Foote a prominent atheist counters with critiques of theistic arguments and defenses of atheistic perspectives This volume captures a significant moment in the history of religious thought providing readers with a clear and accessible entry point into the ongoing dialogue between faith and reason The book offers valuable insights into the intellectual landscape of the late 19th century making it an important resource for anyone interested in

Theism Or Atheism Chapman Cohen,2012-07 Excerpts from the book it is one aim of this book to press home the point that the logical issue is between Theism and Atheism That there is no logical halting place between the two and that any attempt to call a halt is little more than a concession to a desire for mental or social convenience seems to me as clear as anything can well be And there is really nothing gained ultimately by the halt Disinclination on the part of the non Theist to push the issue to its logical conclusion is treated by the Theist as inability to do so and is used as an argument in support of his own belief In matters of the intellect compromise is almost always a dangerous policy It heartens one s enemies and disheartens one s friends And there is really no adequate reason why those who have given up belief in deity should continue to treat this master superstition of the ages as though it were one of our most valuable inheritances to be surrendered with lowered heads and sinking hearts We who know both sides know that in giving up the belief in deity we have lost nothing of value nothing that need cause us a single regret And on that point we certainly can speak with authority for we have been where the Theist is he has not been where we are Many of us know quite well all that is meant by the fear and trembling with which the believer looks upon a world without God And we know how idle the fear is as idle as a child s fear of the dark What the world is like with God there is all the experience of history to inform us and it would indeed be strange if love and brotherhood armed with the weapons that science has given us could not produce a better human society than has ever existed under the dominion of the Gods

Atheism and Theism E.E. Harris,2012-12-06 Professor Errol E Harris presented the first three chapters of Atheism and Theism as public lectures at Tulane University on January 20 22 1975 The lecture series was made possible by a grant from the Franklin J Matchette Foundation of New York City Those of us who had the pleasure of hearing the lectures formed the judgment that they deserved publication to reach a wider audience and to assure a more permanent record We invited Professor Harris to allow us to publish his lectures in Tulane Studies in Philosophy On his part he developed the themes of the lectures into a more comprehensive and lasting work With Professor Harris s approval we are taking the unprecedented step of devoting Volume XXVI of Tulane Studies in Philosophy to the

publication of *Atheism and Theism* We are certain that it will advance the fundamentally philosophical argument surrounding theism and Christianity We are also convinced that it will add substantially to the prestige of our series of annual volumes of philosophy now in its twenty sixth year We wish to express our thanks to the Franklin J Matchette Foundation for the original grant supporting the lectures and to Professor Harris for presenting first the lectures and then the book R C W A J R

Theism Or Atheism Chapman Cohen,1921 *Theism, Atheism, and the Popular Theology* Theodore Parker,1853

Theism Vs. Atheism Phil Fernandes,Michael Martin,2000 *Sermons of Theism, Atheism, and the Popular Theology*

Theodore Parker,1859 **A Companion to Atheism and Philosophy** Graham Oppy,2019-03-22 PROSE 2020 Single Volume Reference Finalist Philosophers throughout history have debated the existence of gods but it is only in recent years that the absence of such a belief has become a significant topic of philosophical analysis in particular for philosophers of religion Although it is difficult to trace the historical contours of atheism as the lack of belief in a higher power the reasoned reflective and thoughtful rejection of theism has become commonplace in many modern intellectual circles including academic philosophy where disciplinary data indicates that a large majority of philosophers self identify as atheists As the first book of its kind to bring together a collection of writing on the philosophical aspects of atheism both historical and contemporary the Companion to Atheism and Philosophy stages an explicit constructive and comprehensive conversation between philosophy and atheism to examine the ways in which atheist thought intersects with ideas and positions from a variety of philosophical and theological sub disciplines The Companion begins by addressing the foundational questions and lingering controversies which underpin philosophical thought about atheism exploring the implications of major developments in the history of philosophy for the modern atheistic worldview Divided into eight distinct sections essays consider a range of thinkers who were widely believed to have been atheists including David Hume Mary Wollstonecraft Karl Marx and Elizabeth Cady Stanton and survey different kinds of objections to theism and atheism including logical evidential normative and prudential Later chapters trace the relationship between atheism and metaphysics epistemology ethics and political philosophy oriented around topics such as pragmatism postmodernism freedom education violence and happiness Deftly curated and thoughtfully composed *A Companion to Atheism and Philosophy* is the most ambitious and authoritative account of philosophical thinking on atheism available and is a first rate resource for academics professionals and students of philosophy religious studies and theology *Theism and Atheism in a Post-Secular Age* Morteza Hashemi,2017-07-05 This book examines the post secular idea of religion for non believers The new form of unbelief which is dubbed as tourist atheism is not based on absolute rejection of religion as a dangerous illusion or mere prejudice Tourist atheists instead consider religion as a cultural heritage and a way of seeking perfection What are the origins of these new forms of atheism What are the implications of the emergence of a type of atheism which is more open toward religious teachings rituals arts and world views Hashemi argues that public intellectuals must consider that it is a sign of a post secular age in which believers and non

believers go beyond mere tolerance and engage in a creative process of co practice and co working [Atheism or Theism?](#)
Hakan Gok,2018-08-22 Is there a God is one of those irrepressible questions that has been debated throughout human history with scholars from opposites camps making the case for or against the existence of God It is a never ending debate This book first examines the theistic arguments developed by Islamic scholar Sa d Nursi in the twentieth century Although his arguments initially seem to be mere presentations of well established theistic arguments for God such as teleological and cosmological and arguments from miracles and morals it is clear that Nursi takes a fresh approach to these existing philosophical defences The book then analyses how Nursi tackles certain atheistic arguments such as the problem of evil and the possibility of existence without a creator and criticism leveled against the prophets and the Qur an **Sermons of Theism, Atheism, and the Popular Theology** Parker,1856 **Theism, Atheism, and the Popular Theology: Sermons. With a portrait** Theodore PARKER,1856 [Sermons of Theism, Atheism, and the Popular Theology](#) Theodore Parker,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1859 edition Excerpt the Hebrew prophets atheists for they denied all the God that Gentile knew Paul in the New Testament more of a theist than the Greeks and Asiatics about him with a larger religious development than they dreamed of said an Idol is nothing That is there is no divine being which corresponds exactly to the qualities ascribed to any material idol Their idea of God said Paul lacked actuality it was a personal or national whimsey not a perfect subjective representation of the objective fact of the universe but only a mistaken notion of that fact If a man has outgrown the Hebrew or common Christian idea of God he may say what Paul said of the Idol It is nothing He will not be an atheist but a theist all the more The superior conception of God always nullifies the inferior conception Thus as the world grows in its development it necessarily outgrows its ancient ideas of God which were only temporary and provisional As it goes forward the ancient deities are looked on first as devils next as a mere mistaken notion which some men had formed about God For example a hundred years ago it was the custom of the learned men of the Christian church to speak of the Heathen deities Jupiter Apollo Venus and the rest as Devils They did not deny the actual existence of those beings only affirmed them to be not Gods but devils or fallen angels at any rate evil beings Some of the heretics among the early Christians said the same of the Hebrew Jehovah that he was not the true God but only a Devil who misled the Jews Now a days well educated men who still use the terms say that Jupiter Apollo Venus and the others were only mistaken notions which men formed of God They deny the actuality of the idea [An Athiest Defends Religion](#) Bruce Sheiman,2009-08-04 A new perspective Defending religion as a cultural institution in the face of resurgent atheistic thought For centuries the theism atheism debate has been dominated by two positions stringent believers committed to the yes there is a God argument and atheists vehemently driven to repudiate not only God but also religion as a cultural institution To date this is the first and only mainstream book in which a nonbeliever criticizes atheism and affirms religion An Atheist Defends

Religion persuasively argues that religion is overwhelmingly beneficial for humanity regardless of whether God exists based on a new paradigm of 10 affirmative dimensions that make up religious experience. It also puts to rest the theory that religion is behind most of the world's sectarian violence by showing that religion becomes evil when it is politicized. Readers will learn they do not have to be fundamentalists to be believers and about the value and benefits of religion itself. Is Atheism a Theism? Ronald Ford, 2014-01. The harmony of religious belief with reason is a new vista which Baha'u'llah has opened for the soul of man. Abdu'l-Baha. Six thought-provoking essays cutting through the jargon jungle that permeates and distorts the current stand-off between those who believe in a God or Creator and those who reject such beliefs, in particular the increasingly popular New Atheists. The book addresses the mental struggle of many sincere seekers who are trying to rationalize their convictions in this scientific age and highlights the urgent need for dialogue between religion and science. The author draws on the writings of the Baha'i Faith and particularly of Abdu'l-Baha who in many of his writings and public speeches elaborated on the Baha'i principle of harmony between religion and science and the necessity of investigating reality with an open mind. Atheism and Theism J. J. C. Smart, J. J. Haldane, 2008-04-15. In this book two philosophers each committed to unambiguous versions of belief and disbelief debate the central issues of atheism and theism. Considers one of the oldest and most widely disputed philosophical questions: is there a God? Presents the atheism/theism issue in the form of philosophical debate between two highly regarded scholars widely praised for the clarity and verve of their work. This second edition contains new essays by each philosopher responding to criticisms and building on their previous work. *Theism Or Atheism*, 1896.

Getting the books **Theism Or Atheism** now is not type of challenging means. You could not single-handedly going later book growth or library or borrowing from your associates to open them. This is an unquestionably simple means to specifically acquire lead by on-line. This online statement Theism Or Atheism can be one of the options to accompany you when having supplementary time.
