Gauguin to join him The months of waiting for Gauguin were the most productive time in van Gogh's life He wanted to show his friend as many pictures as possible and decorate the Yellow House But Gauguin did not share his views on art and finally returned to Paris On 7 January 1889 fourteen days after his famous self mutilation Vincent left the hospital where he was convalescing Although he hoped to recover from and to forget his madness but he actually came back twice more in the same year During his last stay in hospital Vincent painted landscapes in which he recreated the world of his childhood It is said that Vincent van Gogh shot himself in the side in a field but decided to return to the inn and went to bed The landlord informed Dr Gachet and his brother Theo who described the last moments of his life which ended on 29 July 1890 I wanted to die While I was sitting next to him promising that we would try to heal him he answered *La tristesse durera toujours* The sadness will last forever *Letters to his brother, Theo ; Letters to Anthon G.A.
