Theology Of Reconstruction:

A Theology of Reconstruction Charles Villa-Vicencio,1992-08-20 Behold a new thing *Reconstruction and Renewal in African Christian Theology* Valentin Dedji,2003 Theology of Reconstruction Mary N. Getui,Emmanuel A. Obeng,1999

Theology in Reconstruction Thomas F. Torrance,1996-12-19 A collection of fifteen essays addressing the basic intellectual challenges to the contemporary Christian church Professor Torrance deals with such topics as the centrality of Christology in scientific dogmatics the Reformed and Roman Catholic doctrines of grace theological education the relation of theological statements to scientific methodology the contemporary significance of some past theological giants and the nature and significance of the Holy Spirit and of the church **Christian Theology and Social Reconstruction** J. N.

Kanyua Mugambi,2003 The Journey of Modern Theology Roger E. Olson,2013-11-01 In this major revision and expansion of the classic 20th Century Theology 1992 coauthored with Stanley J Grenz Roger Olson tells the full story of modern theology from Descartes to Caputo from the Kantian revolution to postmodernism now recast in terms of how theologians have accommodated or rejected modernity Reconstruction in Theology Henry Churchill King,1901 Vale of Tears

Edward J. Blum,W. Scott Poole,2005 Vale of Tears New Essays in Religion and Reconstruction offers a window into the exciting work being done by historians social scientists and scholars of religious studies on the epoch of Reconstruction A time of both peril and promise Reconstruction in America became a cauldron of transformation and change This collection argues that religion provided the idiom and symbol as often the very substance of those changes The authors of this collection examine how African Americans and white Southerners New England Abolitionists and former Confederate soldiers Catholics and Protestants on both sides of the Mason Dixon line brought their sense of the sacred into collaboration and conflict Together these essays mark an important new departure in a still contested period of American history Interdisciplinary in scope and content it promises to challenge many of the traditional parameters of Reconstruction historiography The range of contributors to the project including Gaines Foster and Paul Harvey will draw a great deal of attention from Southern historians literary scholars and scholars of American religion **Theology of Reconstruction**

Charles Villa-Vicencio,1992-12-31 Hitherto the task of political and liberation theologies has been to resist exploitation and tyranny Such theologies have promoted political resistance and in some situations legitimated revolution The author argues that the changing context in South Africa and Eastern Europe presents a new challenge There is a need to translate resistance into nation building Such a shift requires a new kind of theology which relates the insights of liberation theology to the new situation **Theology in Reconstruction** Thomas Forsyth Torrance,1966 *From Liberation to*

CHAPTER VIII THE INFLUENCE OF THE HISTORICAL AND LITERARY CRITICISM OF THE BIBLE I AS CONCERNS THE NEW TESTAMENT Of the mainly intellectual influences on theology the most important must be that of historical criticism for Christianity is and claims to be preeminently a historical religion The general outcome of historical and literary criticism so far as it concerns the New Testament is certainly thought to be reassuring to have given us stronger and better reasons for our faith in Christ Very few probably would question that Christianity as a historical religion is in a far more defensible position now than sixtyfive years ago It would not be at all true to say that traditional views concerning the New Testament have not changed within this period they have changed greatly and on many points Doubtless too the battle in the New Testament field is not done as the determined efforts still making in many quarters to eliminate the miraculous plainly show with this question we have already dealt But taking full account of all questions that in any fairness may be considered still open it cannot be doubted that the result of the constant discussion since Strauss *Life of Jesus* in 1835 has been to make clearer than ever the solid historical basis of Christianity and the incomparable position of Christ as the supreme person of history And with the meaning of this latter fact for theology we shall have later to deal The question that is just now of seeming greater concern to the Church is the application of essentially the same historical and literary criticism to the books of the Old Testament And if it is the business of a theologian to recognize especially the difficulties of his own times the theologian of

Religion and Social Reconstruction in Africa Elias Kifon Bongmba, 2018-06-13 Religion has played a major role in both the division and unification of peoples and countries within Africa Its capacity to cause and to heal societal rifts has been well documented This book addresses this powerful societal force and explores the implications of a theology of reconstruction most notably articulated by Jesse Mugambi This way of thinking seeks to build on liberation theology aiming to encourage the rebuilding of African society on its own terms An international panel of contributors bring an interdisciplinary perspective to the issues around reconstructing the religious elements of African society Looking at issues of reconciliation postcolonialism and indigenous spirituality among others they show that Mugambi s cultural and theological insight has the potential to revolutionise the way people in Africa address this issue This is a fascinating exploration of the

religious facets of African life As such it will be of great interest to scholars of religious studies theology and African studies

Towards a Christian Theology of African Ancestors Thomas Ochieng Otanga,2023-04-21 This book examines the similarities and relationship between Christian saints and African ancestors Further it analyzes the deep cultural roots of African peoples and the ancestral frame as a point of departure for developing an indigenous African theology Questions dealt with include Does the conversion of Africans to Christianity require a break with their African cultural heritage Who is an African ancestor Is syncretism a good thing for an African Christian What contribution can the African church make to the universal church The author argues that rather than being antithetical to formal Christianity an African Christian theology of ancestors is an example of how an indigenous African tradition can best express Christianity as well as make considerable impact on world Christianity

Building God's Kingdom Julie J. Ingersoll,2015-07-01

For the last several decades at the far fringes of American evangelical Christianity has stood an intellectual movement known as Christian Reconstruction The proponents of this movement embrace a radical position that all of life should be brought under the authority of biblical law as it is contained in both the Old and New Testaments They challenge the legitimacy of democracy argue that slavery is biblically justifiable and support the death penalty for all manner of crimes described in the Bible including homosexuality adultery and Sabbath breaking But as Julie Ingersoll shows in this fascinating new book this Biblical Worldview shapes their views not only on political issues but on everything from private property and economic policy to history and literature Holding that the Bible provides a coherent internally consistent and all encompassing worldview they

seek to remake the entirety of society church state family economy along biblical lines Tracing the movement from its mid twentieth century origins in the writings of theologian and philosopher R J Rushdoony to its present day sites of influence including the Christian Home School movement advocacy for the teaching of creationism and the development and rise of the Tea Party Ingersoll illustrates how Reconstructionists have broadly and subtly shaped conservative American Protestantism over the course of the late twentieth and early twenty first centuries Drawing on interviews with Reconstructionists themselves as well as extensive research in Reconstructionist publications Building God s Kingdom offers the most complete and balanced portrait to date of this enigmatic segment of the Christian Right **The Reformed Church Review** ,1902
