Theology Of Liberation

Marthe Hesselmanns, Jonathan Teubner

Theology Of Liberation:

A Theology of Liberation Gustavo Gutiérrez, 1988-01-01 This is the credo and seminal text of the movement which was later characterized as liberation theology. The book burst upon the scene in the early seventies and was swiftly acknowledged as a pioneering and prophetic approach to theology which famously made an option for the poor, placing the exploited, the alienated, and the economically wretched at the centre of a programme where the oppressed and maimed and blind and lame were prioritized at the expense of those who either maintained the status quo or who abused the structures of power for their own ends. This powerful, compassionate and radical book attracted criticism for daring to mix politics and religion in so explicit a manner but was also welcomed by those who had the capacity to see that its agenda was nothing more nor less than to give good news to the poor and redeem God's people from bondage. *A Theology of Liberation* Gustavo Gutiérrez, 2001 This is the credo and seminal text of the movement known as liberation theology. The book burst upon the theological scene in the early seventies and was swiftly acknowledged as a pioneering and prophetic approach which famously made a preferential option for the poor, placing the exploited and the economically downtrodden at the centre of a programme to redeem God's people from bondage. **BOOK JACKET** *Introducing Liberation Theology* Leonardo Boff, 1987

Gustavo Gutierrez Robert McAfee Brown, 2013-03-01 Here is a definitive introduction to liberation theology through the life and work of its most significant proponent, Gustavo Gutierrez. Robert McAfee Brown draws extensively on Gutierrez's own writings, some never published in English, and on personal conversations with him. Brown clearly and compellingly presents the basics of liberation theology and the differences between North American and Latin American theologies. The form of Gustavo Gutierrez is that of a drama. Brown's initial program notes introduce and situate the author, the actors, the critics. He sets the stage with a history of church and state in Latin America and introduces its definitive figures, themes, and milestones. A collective biography of Gutierrez's spiritual predecessors is followed by a biography of Gutierrez himself which takes critical account of his works. Then we are ready, dramatically and theologically, to move to the first act: that of commitment to the poor. The second act, in two scenes, explores first liberation theology's method of critical reflection on praxis and also its content, nothing less than the Word of God. Brown delves next into the controversies and criticisms Gutierrez faces, especially the challenges from authorities in Rome. Finally, in act three, readers discover that in this particular drama, they too are on stage and must take part by reflecting on what this drama really means for them. **A Theology of Liberation** Gustavo Gutiérrez, 1988 This translation originally published Maryknoll, N.Y.: Orbis Books, 1973. Translation of *Teología de la liberación: perspectivas* Lima: C.E.P., 1971. Bibl. p. xii. Index. Campon Collection. **A Black Theology of Liberation** James H. Cone, 2010 With the publication of his two early works, *Black Theology* (1969) and *A Black Theology of Liberation* (1970), James Cone emerged as one of the most creative and provocative theological voices in North America. These books, which offered a searing indictment of white theology and society, introduced a radical reappraisal of the Christian message for our time.

Combining the visions of Malcolm X and Martin Luther King Jr Cone radically reappraised Christianity from the perspective of the oppressed black community in North America Forty years later his work retains its original power enhanced now by reflections on the evolution of his own thinking and of black theology and on the needs of the present moment *Liberation Theology* Frederick Herzog,2013-03-29 Liberation Theology is the first serious acknowledgment by a white theologian of the challenge of Black Theology It invites American theology to reconsider radically its foundations and to reorder its priorities At a time when theology is often presented piecemeal Frederick Herzog undertakes to ground Liberation Theology in the originating events of the Christian faith as a whole in this instance in the life death and resurrection of Christ as given in the Fourth Gospel The systematic readings in the Gospel which he makes and from which emerge the principles of Liberation Theology are the heart of this book Throughout the author asks How do we understand Christ as Liberator The answer to this question he maintains determines whether or not we are still able to contemplate the Word as power and action Written with contemporary directness and free of vague abstractions the book casts theology into a new form to meet today s needs The method of this new theology is confrontation not correlation its goal is liberation not reformation and it strives for a new space of freedom among people captive to the dehumanizing structures of modern theology **Liberation of Theology** Juan L. Segundo,2002-11-20 Liberation Theology Kenneth Dantzer Corbin,2021-02-11 This book explores liberation theology a fusion of Christian theology and socio economic theory which stresses Social concern for the poor and political liberation of oppressed peoples Liberation theology became Latin American theologians political practice such as Gustavo Guti rrez Leonardo Boff and Jesuits Juan Luis Seg and Jesuits Juan Luis Seg in the 1960s after the Second Vatican Council In 1968 and shortly afterward General Pedro Arrupe selected Justice in the World for the World Synod of Catholic Bishops 1971 liberation theologies have formed in other areas of the globe such as the U S and South Africa black theology Palestinian liberation theology India s Dalit theology and South Korea s Minjung theology Although the Medell n text is not a document of liberation theology it laid the foundations for most of it and liberation theology developed rapidly in the Latin American Catholic Church after it was written Robin Nagle argues that the theology of liberation is inadequate for genuine social reform Anthropologist Manuel Vasquez argues that the theology of liberation introduced by CEBs produces a double impact since it gives the theological rationale for the opposition and acts to coordinate resistance In the intellectual fusion between liberation theology and Sandinismo the influence of liberation theologians within the FSLN regime and the interrelated support for liberation theology and the FSLN within the Nicaraguan population ranging from metropolitan people to eccentric residents this partnership which reached its height in the early years of FSLN rule following the Nicaraguan Revolution is observed Voices of black liberation theology and female liberation theology are also found more or less around the same period as the original Latin American liberation theology publications Black theology aims to free communities of color from different political societal economic and theological subjugation and sees Christian theology as a salvation

theology a rational study of the being of God in the world considering the existential situation of an oppressed community relating the forces of liberation to the essence of the Gospel which is Jesus Christ writes James Cone **Liberation Theology for Armchair Theologians** Miguel A. De La Torre, 2013-09-18 In this helpful addition to the Armchair Theologians series Miguel A De La Torre provides a concise overview of the global religious movement known as liberation theology that focuses on defining the major themes of this movement as well as dispelling some common misconceptions Liberation theology attempts to reflect upon the divine as understood from the poor the marginalized and the disenfranchised The key figures historical developments and interfaith manifestations are all explored in this thorough introduction Expertly written by De La Torre and accompanied by Ron Hill's illustrations this book will serve as a primary text for those who may have little knowledge of or have never heard of liberation theology **An Analysis of Gustavo Gutiérrez's A Theology of Liberation** Marthe Hesselmann, Jonathan Teubner, 2017-07-05 Peruvian priest Gustavo Gutiérrez wanted to solve the problem of how the church could conduct itself to improve the lives of the poor while consistently positioning itself as politically neutral Despite being a deeply religious man Gutiérrez was extremely troubled by the lukewarm way in which Christians in general and the Catholic Church in particular acknowledged and supported the poor In *A Theology of Liberation* he asked what he knew was an awkward question and came to an awkward answer the Church cannot separate itself from economic and political realities Jesus showed his love for the poor in practical ways healing the sick feeding the hungry liberating the oppressed His example showed Gutiérrez that economic political social and spiritual development are all deeply connected His problem solving prowess then led him to conclude that the church had to become politically active if it was to confront poverty and oppression across the world For Gutiérrez the lives of the poor and oppressed directly reflect the divine life of God

Liberation Theology Phillip Berryman, 1987 In the chaos that is Latin American politics what role does the Catholic church play with regard to its clergy and its members How does the church function in Latin America on an everyday practical level And how successful has the church been intervening in political matters despite the fact that Latin American countries are essentially Catholic nations Phillip Berryman addresses these timely and challenging issues in this comprehensive Unlike journalistic accounts which all too frequently portray liberation theology as an exotic brew of Marxism and Christianity or as a movement of rebel priests bent on challenging church authority this book aims to get beyond these clichés to explain exactly what liberation theology is how it arose how it works in practice and its implications The book also examines how liberation theology functions at the village or barrio level the political impact of liberation theology and the major objections to it posed by critics concluding with a tentative assessment of the future of liberation theology Author note Phillip Berryman was a pastoral worker in a barrio in Panama during 1965-73 From 1976 to 1980 he served as a representative for the American Friends Service Committee in Central America In 1980 he returned from Guatemala to the United States and now lives in Philadelphia *A Theology of Liberation* Marthe Hesselmann, Jonathan Teubner, 2017-07-05

Gutiérrez's 1971 book provides an inspiring argument as to how Christians and the Roman Catholic Church should support the poor. The Catholic Church had traditionally seen itself as politically neutral but in the 1960s and 70s reformers such as Gutiérrez urged it to seriously address real world issues such as poverty and oppression. **Liberation Theology** Ricardo Planas, 1986 *Frederick Douglass* Reginald F. Davis, 2005 *Frederick Douglass: A Precursor of Liberation Theology* deals with the evolution of Frederick Douglass's philosophical and theological development. This book is another paradigm that expands the debate and places Douglass's thought in a more appropriate context, namely anticipating liberation theology. Since no consensus exists about Douglass's philosophical and theological development, Reginald F. Davis attempts to settle a dispute in Douglass studies that revolves around his religious odyssey and in particular the character and cause of his philosophical and theological development. The dispute among scholars is concerned with where to locate Douglass on the theological spectrum. Some scholars identify Douglass as having moved away from traditional forms of Christian millennialism which elevates not the human agent but an omnipotent God who apocalyptically intervenes in human affairs and history. Still others interpret Douglass as having moved outside the circle of theism to enlightenment humanism. There is also an unsettled debate about the cause of Douglass's theological shift. One view attributes Douglass's shift to a psychological factor of rejection by White Churchmen over his support for radical policies like abolitionism. Another perspective attributes Douglass's shift to enlightenment principles of natural law and rationality. Davis utilizes selected categories from liberation theology to provide a more accurate exegesis of Douglass's study to encourage a new angle of interpretation of Douglass's philosophical and theological evolution. *The Origins and Early Development of Liberation Theology in Latin America* Eddy José Muskus, 2002. In this volume Eddy José Muskus provides an academic analysis of the roots of liberation theology, challenging the claim that it arose from the Latin American poor and maintaining instead that its fundamental tenets had their origin in Europe. Muskus argues further that the writings of the 16th century Bartolome de Las Casas have been misinterpreted and misused by liberation theologians such as Gutiérrez. Liberation theology says the author has exposed the failure of Catholicism to provide a moral framework within the fabric of Latin American society. Also contrary to the claims of liberation theology, Muskus argues that there is no biblical foundation for a preferential option for the poor.
