

THEORISING GENDER*

R. W. CONNELL

Abstract A social theory of gender is implied and required by current sexual politics. Its scope cannot be defined *a priori*, but can be defined practically by the reach of a network of arguments generated by feminism, gay liberation, psychoanalysis and some branches of academic sociology and psychology. Two main types of theory have emerged: one emphasising attitudes and social expectations, centring on the idea of 'sex roles'; the other presupposing the categories of 'women' and 'men' and focussing on power relations between them. Criticisms of both general approaches to gender relations are outlined. An argument is advanced for a modification of the second, centring on the practices that constitute gender categories. Some examples of this third approach are mentioned. The problem of 'natural difference' can be handled in a practice-based theory of gender by a radical reversal of usual assumptions about biological 'bases' of gender, stressing negation and practical transcendence. Some political implications of this approach to theory are raised.

Introduction

We are in the middle of the most important change in the social sciences, and Western social thought generally, since the impact of socialist class analysis in the mid-nineteenth century. Questions of sexuality and personality formation were made prominent by psychoanalysis from early in this century, but Freudian doctrines have always been reputed speculative outside a narrow therapeutic context. A sociology of the family and a psychology of sex differences and sex roles have stuttered along for decades as academic specialties of a rather marginal kind. Academic anthropology has given much more attention to kinship, but its interest has tended to create an impression that this is a matter of importance only in 'primitive' societies. That is the view held by contemporary theorists as prominent as Jürgen Habermas; in his reformulation of historical materialism, sex appears as a 'principle of organisation' of pre-class societies only (Habermas, 1979).

That view has to be regarded as obsolete, in the strict sense of the word. 'Second wave' feminism and gay liberation have now made inescapable what was already suggested by some theorists of the 1940s. Sexuality, child development, the family, 'sex role' conventions, and kinship are parts of a whole. That whole is a social structure, not a biological one. It is, among other things, a structure of power, inequality and oppression; a structure of great scope, complexity, and consequence in our affairs as well as those of tribal and ancient societies.

In these respects it is fully comparable with the structure of class relations that has been the main concern of social analysis since the 'army of redressers' (Thompson, 1968) marched onto the scene and made questions of class inescapable a hundred and fifty years ago. The redressers of sexual oppression are currently producing a critical and analytical literature of an intellectual liveliness and practical relevance unmatched in any other field of social science.

Theorizing Gender An Introduction

Mire Koikari

Theorizing Gender An Introduction:

Theorizing Gender Rachel Alsop, Annette Fitzsimons, Kathleen Lennon, 2002-06-03 This accessible text aims to give a theoretical overview of approaches to gender. The book discusses the major theories concerned with the ways in which we become engendered and explains and evaluates naturalist, psychoanalytic, materialist and post-structuralist accounts. Tensions between these different approaches are acknowledged but stark polarities are resisted. Throughout the book it is recognized that becoming gendered implicates and is implicated by other aspects of social becoming. The work of Judith Butler is discussed in detail and its importance and limitations spelt out in key chapters on sexuality, the body, transgenering and political agency. Debates between queer approaches to gender and those prioritizing sexual difference are also brought to the fore. *Theorizing Gender* aims to provide a framework for weaving together what are often viewed as opposing directions of thought. Students and researchers in sociology, philosophy and gender studies and all those with an interest in gender will find it an invaluable resource.

Theorizing Gender Rachel Alsop, 2002

Gender Theory in Troubled Times Kathleen Lennon, Rachel Alsop, 2020-01-17

Theorizing gender is more urgent and highly political than ever before. These are times in many countries of increased visibility of women in public life and high profile campaigns against sexual violence and harassment. Challenges to fixed traditional gender norms have paved the way for the recognition of gay marriage and gender recognition acts allowing people to change the gender assigned to them at birth. Yet these are also times of religious and political backlash by the alt right, the demonization of the very term gender and a renewed embrace of the naturalness of gendered difference as ordained by God or Science. A follow up to the authors' 2002 text *Theorizing Gender*, this timely and necessary intervention revisits gender theory for contemporary times. Refusing a singular truth about gender, the authors explore the multiple strands which go into making our gendered identities in the context of materialist and intersectional perspectives interwoven with phenomenological and performative ones. The resulting critical overview will be a welcome and invaluable guide for students and scholars of gender across the social sciences and humanities.

Gender and Crime Marisa Silvestri, Chris Crowther-Dowey, 2016-04-07

This book is a comprehensive and critical introduction to the field of gender and crime, rethinking the key themes and debates within a human rights framework. Integrating empirical, theoretical and policy-related material, this Second Edition has been significantly updated and now includes full consideration of the 2010-2015 Coalition Government and its effect on gender and crime within England and Wales. A new chapter relating criminological theory to gender and crime. A new chapter discussing the history of gender and crime. A new chapter analysing contemporary issues in gender and crime in a globalised world. Fully updated learning features including Chapter Overviews, Key Words, Study Questions, Chapter Summaries, Key Further Readings and a Glossary. *Gender and Crime: A Human Rights Approach* is essential reading for students studying criminology, sociology, social policy and gender studies.

Gender and Sport Sheila Scraton, Anne Flintoff, 2002

With contributions from many of the world's leading experts on the sociology of sport, this volume

Theorizing Gender An Introduction Introduction

In the digital age, access to information has become easier than ever before. The ability to download Theorizing Gender An Introduction has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Theorizing Gender An Introduction has opened up a world of possibilities. Downloading Theorizing Gender An Introduction provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Theorizing Gender An Introduction has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Theorizing Gender An Introduction. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Theorizing Gender An Introduction. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Theorizing Gender An Introduction, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Theorizing Gender An Introduction has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available

and embark on a journey of continuous learning and intellectual growth.

FAQs About Theorizing Gender An Introduction Books

What is a Theorizing Gender An Introduction PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Theorizing Gender An Introduction PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Theorizing Gender An Introduction PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Theorizing Gender An Introduction PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Theorizing Gender An Introduction PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
