

SOCIAL ACTION THEORY

Social Action Theory is a theory that attempts to examine people's actions and the underlying reasons for those actions. Below are four types of social actions proposed by sociologist Max Weber.

VALUE-RATIONAL ACTION

Action based on a commitment to a set of personal values or beliefs, e.g. the pursuit of social justice.

RATIONALLY PURPOSEFUL ACTION

Goal-oriented action that occurs as a result of rational decision-making, e.g. firing lazy employees to save money.

AFFECTIVE ACTION

Action based on emotions rather than rationality, e.g. crying at the death of an entirely fictional movie character.

TRADITIONAL ACTION

Action based on ritual, tradition, and cultural norms. e.g. putting up a Christmas tree on December 1st.

Theory Of Action:

The Theory of Communicative Action: Volume 1 Juergen Habermas, 1984 A major contribution to contemporary social theory Not only does it provide a compelling critique of some of the main perspectives in 20th century philosophy and social science but it also presents a systematic synthesis of the many themse which have preoccupied Habermas for thirty years Times Literary Supplement

Theory of Action (Routledge Revivals) , *Correlation Theory of Chemical Action and Affinity* Thomas Wright Hall, 1888

Critical Rationalism and the Theory of Society Masoud Mohammadi Alamuti, 2021-03-12 Investigating Karl Popper s philosophy of critical rationalism Critical Rationalism and the Theory of Society Volume 1 explores a non justificationist conception of critical reason and its fundamental outcomes for the theory of society Through a set of fundamental contributions to epistemology the theory of rationality and sociology this volume a situates the idea of critical rationalism in its true epistemological context b uses non justificationist epistemology to reinvent critical rationalism and c applies its revised concept of rationality to show how people s access to critical reason enables them to agree on the common values and social institutions necessary for a peaceful and just social order These contributions lead the reader to a new epistemological understanding of the idea of critical rationalism and recognition of how a non justificational concept of reason changes the content of the theory of society The reader also learns how thinkers movements and masses apply their critical reason to replace an established social order with an ideal one through activating five types of driving forces of social change metaphysical moral legal political and economic Written for philosophers and sociologists this book will appeal to social scientists such as moral philosophers legal scholars political scientists and economists
