## Theory Of Quantaloids:

The Theory of Quantaloids K I Rosenthal,1996-05-09 This book presents a detailed account of the theory of quantaloids a natural generalization of quantales The basic theory examples and construction are given and particular emphasis is placed on the free quantaloid construction as well as on the perspective provided by enriched categories **Manifolds And Local Structures: A General Theory** Marco Grandis,2021-02-10 Local structures like differentiable manifolds fibre bundles vector bundles and foliations can be obtained by gluing together a family of suitable elementary spaces by means of partial homeomorphisms that fix the gluing conditions and form a sort of intrinsic atlas instead of the more usual system of charts living in an external framework An intrinsic manifold is defined here as such an atlas in a suitable category of elementary spaces open euclidean spaces or trivial bundles or trivial vector bundles and so on This uniform approach allows us to move from one basis to another for instance the elementary tangent bundle of an open Euclidean space is automatically extended to the tangent bundle of any differentiable manifold The same holds for tensor calculus Technically the goal of this book is to treat these structures as symmetric enriched categories over a suitable basis generally an ordered category of partial mappings This approach to gluing structures is related to Ehresmann's one based on inductive pseudogroups and inductive categories A second source was the theory of enriched categories and Lawvere's unusual view of interesting mathematical structures as categories enriched over a suitable basis Mathematical Reviews ,2003 Cahiers de Topologie Et Géométrie Différentielle Catégoriques ,2005 **Demonstratio mathematica** ,2007 Nonlinear Partial Differential Equations and Their Applications ,1981 **CONCUR ...** ,2002 Ordinary and Partial Differential Equations ,1996 Discussiones Mathematicae ,2006 **Dissertation Abstracts International** ,2002 **The British National Bibliography** Arthur James Wells,1996 Gazette - Australian Mathematical Society Australian Mathematical Society,1998 Whitaker's Books in Print ,1998 Zapiski nauchnykh seminarov POMI ,2005 Forthcoming Books Rose Army,1997 Mathematical Foundations of Programming Semantics Stephen D.
