

Theories on the Origins of Religion

Theory	Proponent	Explanation
Wish Fulfillment Theory	Karl Heinrich Marx	Religions were developed by the few as a means to control the masses and suppress revolution as a result of the continuing struggle between classes. Masses were persuaded to accept poverty and be obedient to inherit bliss in another life.
	Sigmund Freud	Religion originated from the guilt that individuals supposedly feel in hating their fathers. As a result of his subconscious hatred and ensuing guilt, a great father image was projected in the sky called God.

Theory Of Religion

Stewart Elliott Guthrie

Theory Of Religion:

Understanding Theories of Religion Ivan Strenski, 2015-03-30 Featuring comprehensive updates and additions the second edition of *Understanding Theories of Religion* explores the development of major theories of religion through the works of classic and contemporary figures A new edition of this introductory text exploring the core methods and theorists in religion spanning the sixteenth century through to the latest theoretical trends Features an entirely new section covering religion and postmodernism race sex and gender and religion and postcolonialism Examines the development of religious theories through the work of classic and contemporary figures from the history of anthropology sociology psychology philosophy and theology Reveals how the study of religion evolved in response to great cultural conflicts and major historical events Student friendly features include chapter introductions and summaries biographical vignettes a timeline a glossary and many other learning aids

A Theory of Religion Rodney Stark, William Sims Bainbridge, 1987 This book offers the first modern theory of religion A deductive theory beginning with seven axioms about human nature and the world humans inhabit it derives hundreds of formal propositions about human religious behavior Included are the origins of religion the sources of religious commitment the development of religious institutions the emergence of religious movements and the postulation of good and evil gods Step by step the authors explain the social processes of recruitment to a group propagation of a faith and competition between denominations They show that secularization is a never ending process in which particular faiths are discredited while new faiths arise to take their place Thus religion is an eternal human response to the conditions of existence changing in form throughout history but always a vital part of culture and society

[Eight Theories of Religion](#) Daniel L. Pals, 2006 Why do human beings believe in divinities Why do some seek eternal life while others seek escape from recurring lives Why do the beliefs and behaviors we typically call religious so deeply affect the human personality and so subtly weave their way through human society Revised and updated in this second edition *Eight Theories of Religion* considers how these fundamental questions have engaged the most important thinkers of the modern era Accessible systematic and succinct the text examines the classic interpretations of religion advanced by theorists who have left a major imprint on the intellectual culture of the twentieth century The second edition features a new chapter on Max Weber a revised introduction and a revised expanded conclusion that traces the paths of further inquiry and interpretation traveled by theorists in the most recent decades *Eight Theories of Religion* Second Edition begins with Edward Burnett Tylor and James Frazer two Victorian pioneers in anthropology and the comparative study of religion It then considers the great reductionist approaches of Sigmund Freud Emile Durkheim and Karl Marx all of whom have exercised wide influence up to the present day The discussion goes on to examine the leading challenges to reductionism as articulated by sociologist Max Weber new to this edition and Romanian American comparativist Mircea Eliade Finally it explores the newer methods and ideas arising from the African field studies of ethnographer E E Evans Pritchard and the interpretive anthropology of Clifford Geertz Each

chapter offers biographical background theoretical exposition conceptual analysis and critical assessment This common format allows for close comparison and careful evaluation throughout Ideal for use as a supplementary text in introductory religion courses or as the central text in sociology of religion and courses centered on the explanation and interpretation of religion

Eight Theories of Religion Second Edition offers an illuminating treatment of this controversial and fascinating subject

Theories of Religion Seth Daniel Kunin,Jonathan Miles-Watson,2006 This book provides a comprehensive selection of readings that relate to and explore the definition of religion The texts come from a wide range of approaches unified both by the questions they are addressing and their broadly social scientific perspective The disciplines covered include anthropology phenomenology psychology and sociology The editors have also included some key texts relating to the feminist approach to and critique of religion The first section of the book includes some of the foundational texts such as materials by Marx Freud and Durkheim The remaining sections look at more recent discussions of the issues from the different disciplinary perspectives Each reading is introduced by a biographical sketch of the author The book also includes introductory discussions to each section that both raise the key issues developed in a particular discipline and address the disciplinary approaches from a more critical stance

Theories of Religion A Reader is an invaluable critical resource accessible to a broad audience as well as students of theology and religious studies

Theory of Religion Georges Bataille,1989 Argues that religion is the search for lost intimacy discusses its connection to the general economy and examines the sacrifice of war

Theories of Religion: A Reader Jonathan Miles-Watson,Seth Kunin,2019-07-31 The aim of this new book is to provide the student with an anthology of key texts on the broad range of social scientific theories of religion The texts included come from a wide range of approaches to religion unified both by the questions that they are addressing and the broadly social scientific perspective The disciplines covered include Anthropology Phenomenology Psychology and Sociology We have also included some key texts relating to the Feminist approach to and critique of religion The initial section of the book includes some of the foundational texts relating to the study of religion for example material by Marx Freud and Durkheim The remaining sections look at more recent discussions of the issues from the different disciplinary perspectives The book also includes introductory discussions that raise both the key issues developed in a particular discipline and also address the disciplinary approaches from a more critical stance Each reading is introduced by a paragraph giving biographical details of the author

Theories of Religion A Reader can be used either alongside James Thrower's *Religion The Classical Theories* and Seth Kunin's *Religion The Modern Theories* or as a stand alone reader for courses in theories of religion

Ten Theories of Religion Daniel Pals,2021-07 Why do human beings believe in divinities Why do some seek eternal life while others seek escape from recurring lives Why do the beliefs and behaviors we typically call religious so deeply affect the human personality and so subtly weave their way through human society Ideal as a supplementary text in introductory religion courses or as the main text in theory and method in religious studies or in

sociology of religion courses Ten Theories of Religion Fourth Edition offers an illuminating treatment of this controversial and fascinating subject *Faces in the Clouds* Stewart Elliott Guthrie, 1995-04-06 Religion is universal human culture No phenomenon is more widely shared or more intensely studied yet there is no agreement on what religion is Now in *Faces in the Clouds* anthropologist Stewart Guthrie provides a provocative definition of religion in a bold and persuasive new theory Guthrie says religion can best be understood as systematic anthropomorphism that is the attribution of human characteristics to nonhuman things and events Many writers see anthropomorphism as common or even universal in religion but few think it is central To Guthrie however it is fundamental Religion he writes consists of seeing the world as humanlike As Guthrie shows people find a wide range of humanlike beings plausible Gods spirits abominable snowmen HAL the computer Chiquita Banana We find messages in random events such as earthquakes weather and traffic accidents We say a fire rages a storm wreaks vengeance and waters lie still Guthrie says that our tendency to find human characteristics in the nonhuman world stems from a deep seated perceptual strategy in the face of pervasive if mostly unconscious uncertainty about what we see we bet on the most meaningful interpretation we can If we are in the woods and see a dark shape that might be a bear or a boulder for example it is good policy to think it is a bear If we are mistaken we lose little and if we are right we gain much So Guthrie writes in scanning the world we always look for what most concerns us living things and especially human ones Even animals watch for human attributes as when birds avoid scarecrows In short we all follow the principle better safe than sorry Marshalling a wealth of evidence from anthropology cognitive science philosophy theology advertising literature art and animal behavior Guthrie offers a fascinating array of examples to show how this perceptual strategy pervades secular life and how it characterizes religious experience Challenging the very foundations of religion *Faces in the Clouds* forces us to take a new look at this fundamental element of human life **Religion, Theory, Critique** Richard King, 2017-07-18 Religion Theory Critique is an essential tool for learning about theory and method in the study of religion Leading experts engage with contemporary and classical theories as well as non Western cultural contexts Unlike other collections this anthology emphasizes the dynamic relationship between religion as an object of study and different methodological approaches and openly addresses the question of the manifold ways in which religion secular and culture are imagined within different disciplinary horizons This volume is the first textbook which seeks to engage discussion of classical approaches with contemporary cultural and critical theories Contributors write on the influence of the natural sciences in the study of religion the role of European Christianity in modeling theories of religion religious experience and the interface with cognitive science the structure and function of religious language the social scientific study of religion ritual in religion the phenomenology of religion critical theory and religion embodiment and religion the impact of colonialism and modernity theorizing religion in terms of race and ethnicity links among religion nationalism and globalization the interplay of gender sex and religion and religion and the environment Each chapter introduces the topic identifies key theorists and issues and

respects the pluralistic nature of the scholarship in the field Altogether this collection scrutinizes the explicit and implicit assumptions theorists make about religion as an object of analysis

Seven Theories of Religion Daniel L. Pals,1996 A critical study of the role of religion in human life and culture brings together seven divergent views by such philosophers as Karl Marx Sigmund Freud James Frazer Mircea Eliade E E Evans Prichard Clifford Geertz and E B Tylor UP *The Evolution of Religion* Joseph Bulbulia,2008 The Evolution of Religion is a unique transdisciplinary volume that gathers the latest research debates and programmatic visions of scholars studying religion from an evolutionary perspective Anyone interested in the relationship of evolutionary science to religion will find insight and inspiration in this striking collection of fifty short essays from a diverse group of renowned international scholars Here God meets Darwin and the conversation that ensues provides fascinating reading for those seeking to make sense of religion s place in nature *Sociological Theory and the Question of Religion* Andrew McKinnon,Marta Trzebiatowska,2016-04-01 Religion lies near the heart of the classical sociological tradition yet it no longer occupies the same place within the contemporary sociological enterprise This relative absence has left sociology under prepared for thinking about religion s continuing importance in new issues movements and events in the twenty first century This book seeks to address this lacunae by offering a variety of theoretical perspectives on the study of religion that bridge the gap between mainstream concerns of sociologists and the sociology of religion Following an assessment of the current state of the field the authors develop an emerging critical perspective within the sociology of religion with particular focus on the importance of historical background Re assessing the themes of aesthetics listening and different degrees of spiritual self discipline the authors draw on ethnographic studies of religious involvement in Norway and the UK They highlight the importance of power in the sociology of religion with help from Pierre Bourdieu Marx and Critical Discourse Analysis This book points to emerging currents in the field and offers a productive and lively way forward not just for sociological theory of religion but for the sociology of religion more generally Religion Christian Smith,2019-03-26 A groundbreaking new theory of religion Religion remains an important influence in the world today yet the social sciences are still not adequately equipped to understand and explain it This book advances an innovative theory of religion that goes beyond the problematic theoretical paradigms of the past Drawing on the philosophy of critical realism and personalist social theory Christian Smith explores why humans are religious in the first place uniquely so as a species and offers an account of secularization and religious innovation and persistence that breaks the logjam in which religious scholarship has been stuck for so long Certain to stimulate debate and inspire promising new avenues of scholarship Religion features a wealth of illustrations and examples that help to make its concepts accessible to readers This superbly written book brings sound theoretical thinking to a perennially thorny subject and a new vitality and focus to its study Group Theories of Religion and the Individual Clement Charles Julian Webb,1916 Ten Theories of Religion Daniel Pals, **Religion Defined and Explained** P. Clarke,P. Byrne,Scotney Evans,1993-03-12 This book examines a selection of major types of theory explaining

religion religious philosophical sociological socio economic and psychological It treats of the presuppositions behind such theories and the grounds of their necessity and validity It looks at major styles in the definition of religion It argues that the case for making religion the subject of large scale theorising has not been made and contends that the explanation of religion proceeds better by concentrating on the specifics of religious history and the interconnections between religious ideas

Towards a New Theory of Religion and Social Change Paul-François Tremlett, 2020-09-03 This book argues that neither theories of secularisation nor theories of lived religion offer satisfactory accounts of religion and social change Drawing from Deleuze and Guattari's idea of the assemblage Paul François Tremlett outlines an alternative Informed by classical and contemporary theories of religion as well as empirical case studies and ethnography conducted in Manila and London this book re frames religion as spatially organised flows Foregrounding the agency of non human actors it offers a compelling and original account of religion and social change

Phenomenological Approaches to Religion and Spirituality Essien, Essien D., 2021-01-29 There is an interesting knowledge trajectory that God remains incomprehensible not imperceptible This lends credence to the fact that religious study since the Enlightenment has dedicated itself almost entirely to the problem of reconciling the non existence of God in the physical world with his necessary existence in the metaphysical world When seriously examined it would be discovered that these two aspects are logically contradictory and this is a problem with no solution But interpreting God not as a physical being but as a phenomenological thing changes the nature of the problem enough that a solution emerges almost automatically In this phenomenological model the crux of the matter is that God does not exist but God is real Therefore it is imperative to return to experience and verifiability hence purging it of unexamined and often hidden assumptions Phenomenological Approaches to Religion and Spirituality brings together the different disciplines and research approaches to provide a comprehensive analysis of the phenomenology of God and spirituality as well as offering an effective epistemological apparatus capable of dealing with this concept The book employs multidisciplinary approaches from religious studies theology philosophy anthropology and other segments to dissect the subject matter for efficient evaluation and all inclusive findings While covering various aspects of religion such as the testaments of the Bible the church the religious experience and various aspects of spirituality this book is intended for theologians philosophers religious leaders policymakers academicians researchers students public institutions and agencies with a special interest in religious matters values knowledge and truth

Theory and Method in the Study of Religion, 2013-09-26 Theory and Method are two words that cause considerable consternation in the academic study of religion Although everyone claims to be aware of and to engage them the fact of the matter is that they remain poorly understood Some see the terms as irritants that get in the way of data interpretation and translation Others may invoke them sporadically to appear in vogue but then return quickly and myopically to their material and with little concern for the larger issues that such terms raise To contribute to these debates the present volume reproduces select articles from Method and

Theory in the Study of Religion MTSR from the first 25 volumes of the journal and allows a group of younger scholars to introduce and review them asking if the issues raised are still relevant to the field Contributors include Matt Sheedy Robert A Segal James B Apple Neil McMullin Rebekka King Russell McCutcheon Craig Martin Donal Wiebe Emma Cohen Robert N McCauley E Thomas Lawson Steven Engler Mark Q Gardiner Bruce Lincoln Sarah E Rollens Burton Mack Yasmin Merchant Herb Bergh Jennifer Hall Darlene Juschka Ella Paldam and Armin Geertz **Interpretive Theories of Religion** Donald A. Theory Of Religion Introduction

In today's digital age, the availability of Theory Of Religion books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Theory Of Religion books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Theory Of Religion books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Theory Of Religion versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Theory Of Religion books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Theory Of Religion books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Theory Of Religion books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Theory Of Religion books and manuals for download have transformed the way we access information. They provide a cost-effective and

convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Theory Of Religion books and manuals for download and embark on your journey of knowledge?

FAQs About Theory Of Religion Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Theory Of Religion is one of the best book in our library for free trial. We provide copy of Theory Of Religion in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Theory Of Religion. Where to download Theory Of Religion online for free? Are you looking for Theory Of Religion PDF? This is definitely going to save you time and cash in something you should think about.
