Four Steps to Making a Perfect Relationship, but There's Always One Thing Missing Clarence Tutu, calibre (0.7.47) [http://calibre-ebook.com], 2009-11 Why is it that in the mist of death people always change Why does it take life for people to change their ways Do people really care or are they just caring for a moment while the life is at stake If people really cared then they wouldn't wait till a life is on the line People don't realize what they have until it's gone but when it's gone it's too late Some people just don't learn until it's too late Why does it take someone who has never had anything to teach someone who has had everything to care about the things they have The person with nothing gives more than the person who has everything Why Before you can judge someone you have to know what they have been through but even then you should judge yourself first Live love and be happy I love you
