By the author of Every Family's Book of Health, etc ,1842 *Because I Said So* Dawn Meehan,2011-07-05 Yes there are times when it s appropriate to reason with your child to patiently and eloquently explain why he or she needs to do as you ask You might present convincing arguments like Because it makes you strong Because it will keep you safe Because it s good for you Because it s bad for you But there are times when the only thing that really makes sense is Because I said so This book is a hilarious honest romp through motherhood the joys the sleeplessness the frazzled days the unending carpooling the in house refereeing the dieting yeah right the worrying and did we say the joy Here s what some of that joy looks like with excerpts straight from the book I tried to do the Buns of Steel video but quickly realized that it wasn t intended for people who have buns of pudding I felt like my head might explode I kind of hoped it would so I could take a nice peaceful ambulance ride out of there I was a little at a loss I mean those parenting books don t tell you how to break up a fight over an imaginary friend Moms aren t allowed to get sick more than one day a year Single moms aren t allowed to get sick ever Before you have children you can t imagine yourself saying things like Don t put chocolate milk in your pants Take the hot dog out of your nose or Because I said so If you re a mom to be or a mom in the trenches you ll love knowing that you re not the only one out there who sometimes just figures it out as you go along and sometimes can t figure it out at all But in the end Dawn has these words of encouragement just for you Enjoy this time Even when they make you crazy these are the best days of your life And they really are aren t they **Russian-English**
