Through Silent Country:

Through Silent Country Carolyn Wadley Dowley, 2023-02-25 *Through Silent Country* is a journey of discovery and testimony which began when Carolyn Wadley Dowley stumbled upon a small reference to a remarkable escape story. Although at first it seemed faint she set out to follow the trace of the narrative back to its origins in the remote area around Laverton Western Australia Wongutha Country. There the people she met not only confirmed details of the story but revealed how it was a part of the many stories which are their history. The stories of the Wongutha people and careful archival research enabled Carolyn Wadley Dowley to traverse the historical silence and piece together a remarkable story of injustice, survival and triumph. On the whim of the government authorities of the day nineteen Wongutha people were exiled away from their Country and their people sent a thousand kilometres away from their desert Country. They were seemingly powerless. They were locked up, trucked off given inmate numbers in a government compound their fate was sealed. And then they escaped. It was perhaps the largest escape bid in the history of that place of exile. They escaped and walked home to their Country. In this revised edition archived government files previously closed and unavailable for research access are now open and form the heart of a brand new chapter answering many questions about the 1921 forced removal. And the dark dealings of the Chief Protector of Aborigines and his Deputy come into the light one hundred and one years on. Just brilliant. Good Reading Magazine. It's the truth that has to be told. Auntie Sadie Canning. Required reading for anyone interested in Australian history. Antipodes. An extraordinary feat of courage, endurance and defiance. Aboriginal History. A wonderful and important book. Mag Merrilees. A notable achievement. Peter Read. Brilliantly written. Tom Stannage. Contains bibliography, index, maps, illustrations.

The Silent Country Di Morrissey, 2012-01-06 *The Silent Country* is a vast and beautiful wilderness, a place which holds secrets and stories that are rarely spoken. TV producer Veronica Anderson travels to the Northern Territory to retrace the journey of an expedition that had set out 50 years earlier to film the outback but which mysteriously ended in tragedy. Of the group led by the eccentric Maxim Topov few are still alive and they are reluctant to talk about the intriguing events. It is through the help of local NT Park Ranger Jamie McIntosh that Veronica begins to piece together the puzzle and discover the answers. These answers break the silence and change her life.

Outside Country Alan Mayne, Stephen Atkinson, 2011 While most Australians now live in the major cities on the coast, much of the country's wealth is still derived from the interior, a vast area of scattered and often remote communities, mining towns and pastoral homesteads all linked by what historian J W McCarty called the Inland Corridor. Culturally too the interior looms large in Australians' imaginings in tourism campaigns and in the arts and media. But despite this to most it remains an enigma, an emptiness whose distant rural communities and their populations are the subjects of stubborn misperceptions. *Outside Country* makes an invaluable contribution to the rethinking of inland Australia. Through essays that mix the broad sweep of history with personal perspectives drawn from diaries, letters, oral histories and literature it examines the rich and varied
