Through The Dark Continent Volume 2:

Through the Dark Continent V2: Or the Sources of the Nile Around the Great Lakes of Equatorial Africa (1878) Henry Morton Stanley, 2009-04 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. **Through the dark continent..** Henry Morton Stanley, 1878 **Through the Dark Continent** Henry M. Stanley, 2013-04-15 Volume 2 of great explorer's classic account of explorations of lakes of Central Africa, perilous journey down unexplored Congo River. Incredible hardships, perseverance, 58 black and white illustrations, 7 maps. **Through the Dark Continent [Illustrated Edition] Volume 2** Henry M. Stanley, 2023-08-23 Richly illustrated throughout with maps and ink drawings. Perhaps best known as the intrepid adventurer who located the missing explorer David Livingstone in equatorial Africa in 1871, Henry Morton Stanley (1841-1904) played a major role in assembling the fragmented discoveries and uncertain geographical knowledge of central Africa into a coherent picture. He was the first European to explore the Congo River, assisted at the founding of the Congo Free State, and helped pave the way for the opening up of modern Africa. In this classic account of one of his most important expeditions, the venerable Victorian recounts the incredibly difficult and perilous journey during which he explored the great lakes of Central Africa, confirming their size and position, searched for the sources of the Nile, and traced the unknown Congo River from the depths of the continent to the sea. His tremendous perseverance, his persistence, led his men to nickname him Bula Matari, the rock breaker, was complemented by Stanley's abilities as a keen observer and accomplished prose stylist. These talents are fully evident in this exciting narrative. It offers not only the action and adventure of a life-and-death struggle to survive in the African wilderness, but detailed descriptions of native peoples, customs, and culture, the flora and fauna of central Africa, and a wealth of geographical, ecological, and other information. This monumental narrative will be welcomed by anyone interested in the European exploration of central Africa during the nineteenth century, the exploits of one of the great explorers of all time, and a breathtaking story of human endurance and achievement in the face of immense odds. Print ed. **Through the Dark Continent; Vol. 2** Henry Morton Stanley, 1899 British Narratives of Exploration Frédéric Regard, 2015-10-06 Features a collection of essays that focus on British travel narratives from the seventeenth through to the nineteenth centuries. This work investigates how the early explorers' sense of self was destabilised by encounters with the Other. **Through the Dark Continent, Vol. 2** Henry Morton Stanley, 1899 Land of Tears Robert Harms, 2019-12-03 A prizewinning historian's epic account of the scramble to control equatorial Africa. In just three decades at the end of the nineteenth century, the heart of Africa was utterly transformed. Virtually closed to outsiders for centuries, by the early 1900s the rainforest of the Congo River basin was one of the most brutally exploited places on earth. In *Land of Tears*, historian Robert Harms

reconstructs the chaotic process by which this happened Beginning in the 1870s traders explorers and empire builders from Arabia Europe and America moved rapidly into the region where they pioneered a deadly trade in ivory and rubber for Western markets and in enslaved labor for the Indian Ocean rim Imperial conquest followed close behind Ranging from remote African villages to European diplomatic meetings to Connecticut piano key factories Land of Tears reveals how equatorial Africa became fully fatefully and tragically enmeshed within our global world
