Tibet The Issue Is Independence:

Tibet Edward Lazar,1994 **Tibet** Edward Lazar,1994 Tibet Edward Lazar,2003-03 **The Tibetan Independence Movement** Jane Ardley,2003-08-27 Tibet has been occupied for over fifty years yet no progress has been made in solving the Tibetan problem The first serious analysis of the Tibetan independence movement this book is also the first to view the struggle from a comparative perspective making an overt comparison with the Indian independence movement It rectifies the problem that the Tibetan independence movement is not taken seriously from a political perspective The book is particularly concerned with the relationship between Buddhism and Tibetan politics and resistance comparing this with the relationship between Hinduism and Gandhian political thought It also expands on the limited literature concerning violent resistance in Tibet examining guerilla warfare and the hunger strike undertaken by the Tibetan Youth Congress in 1998 rejecting the Shangri la ist approach to Tibetan resistance **The Struggle for Tibet** Wang Lixiong,Tsering Shakya,2009-12-07 China s decades long repression of Tibetan independence continues on as its global economic power continues to grow In response to the former and despite the latter the independence movement persists represented here through the voices of Wang Lixiong and Tsering Shakya Born into the repressive one party regime both writers now seek for Tibetan cultural and political autonomy and although each writer theorizes this goal differently both are in agreement about what must now be done The result is this milestone exchange While Wang suggests the complicity of a fear stricken religion in perpetuating Chinese imperialist rule Shakya interprets recent Tibetan history as a history of colonialism against which the independence movement struggles for autonomous rule These differing and sometimes opposing lines of thought finally climax in the present struggle for independence ending upon a joint statement regarding Tibet s future true autonomy is the only way Tibetan Nation Warren Smith,2019-07-31 This detailed history offers the most comprehensive account available of Tibetan nationalism Sino Tibetan relations and the issue of Tibetan self determination Warren Smith explores Tibet s ethnic and national origins the birth of the Tibetan state the Buddhist state and its relations with China Tibet s quest for independence and the Chinese takeover of Tibet after 1950 Focusing especially on post 1950 Tibet under Chinese Communist rule Smith analyzes Marxist Leninist and Chinese Communist Party nationalities theory and policy their application in Tibet and the consequent rise of Tibetan nationalism Concluding that the essence of the Tibetan issue is self determination Smith bolsters his argument with a comprehensive analysis of modern Tibetan and Chinese political histories **Tibet's Last Stand?** Warren W. Smith,2010 This book offers a definitive account of the origins and events of the 2008 Tibetan uprising which began with peaceful demonstrations by monks of Lhasa s great monasteries on the anniversary of the 1959 revolt Noted expert Warren W Smith Jr argues that the uprising was a widespread response to the conditions of Chinese rule over Tibet which revealed much about Tibetan nationalism and even more about Chinese nationalism Interpreting the Tibetan uprising as an attempt to spoil the Beijing Olympics China s hard line response was

repression patriotic education and propaganda blaming the disturbances on the Dalai clique and hostile Western forces Smith contends that China's offensive is based upon a belief that China now has sufficient economic and political influence to make the world thoroughly revise its mistaken knowledge about the Tibet issue He convincingly shows that far from becoming more lenient in response to Tibetan discontent China has determined to eradicate Tibetan opposition internally and coerce the international community to conform to China's version of Tibetan history and reality

China's Tibet? Warren W. Smith, 2009 This groundbreaking book explores China's efforts to assimilate Tibet in the process rewriting Tibetan history to conform to Beijing's goals Warren W Smith Jr provides the historical context for understanding the current situation through an overview of China's actual as opposed to its promised policies toward Tibet over time His clear eyed appraisal of Chinese policy convincingly shows that the PRC's ultimate intention is assimilation rather than autonomy The author argues that Beijing fears that any genuine autonomy or dialogue with the Dalai Lama will fuel renewed nationalism in China's Tibet as the Chinese leadership calls its possession The book highlights China's past and current propaganda on Tibet to demonstrate China's sensitivity and defensiveness regarding the legitimacy of its rule It traces the history of Sino Tibetan dialogue to show how China has tried to use it to defuse Tibetan exile and international criticism while making no concessions in regard to Tibetan autonomy In the absence of any solution Smith advocates the promotion of Tibet's right to self determination as the most viable strategy for sustaining international attention and maintaining the most essential elements of Tibetan national identity Smith's thoroughly informed work will be valuable not only to Tibet experts and students but also to the larger world of Tibet activists sympathizers and others attempting to understand China's policies

The CIA's Secret War in Tibet Kenneth J. Conboy, James Morrison, 2002 In one of the most remote covert campaigns of the cold war the CIA harnessed nurtured and encouraged the Khampa tribesmen of Tibet in their defiance against Chinese subjugation This is the first time the story has been told
