Tibetan Pilgrimage:

Pilgrimage in Tibet Alex McKay, 2013-12-16 The Western image of Tibet as a sacred land is in many ways a mythical construction But the Tibetans themselves have traditionally mapped out their land in terms of areas of sacred space and pilgrimage ensuring a high degree of mobility within all classes of Tibetan society Pilgrims travelled to local regional and national centres throughout recorded Tibetan history In recent years pilgrimage has resumed in areas where it had been forbidden by the Chinese authorities and has now become one of the most prominent religious expressions of Tibetan national identity In this major new work leading scholars of Asian pilgrimage traditions discuss historical and contemporary aspects of pilgrimage within the Tibetan cultural world Myths and legends material conditions textual sources a modern pilgrim s impressions political and economic influences biographies and contemporary developments all these and many other issues are examined here The result is an informative and often entertaining work which contributes greatly to our knowledge of the history and culture of Tibet as well as the wider issues of religious power and practice

The Path to Buddha Steve McCurry, 2003-11-18 Tibet has suffered extreme political turmoil and upheaval over the last 50 odd years Occupied in 1950 Red Guards destroyed thousands of official buildings and holy places during the Cultural Revolution and religious freedom and traditional education are still severely under threat Due to the strength of Tibetan faith in Buddha in the Dalai Lama and against the odds many buildings have been reconstructed their devotion and belief remain extraordinarily strong Buddhism permeates every aspect of a Tibetan s life whether living in Tibet or in exile in Nepal India or the United States A magnificent and time stopping work The Path to Buddha is divided into five parts in which we see the monks in animated discussion meditation and prayer and we follow the devout believers on their arduous journeys to prayer The two main chapters are interspersed with sections of portraits of this proud and dignified people whose own

innate sense of their own being can be seen in the simplest of things such as the way they dress and adorn themselves

Holy Mount Kailash Milan P. Rakocevic, 2013 Kailash The Heart and Soul of Tibet There are few places on Earth comparable to the mysterious stunningly beautiful and completely isolated Mt Kailash which lies well hidden in a remote and deserted region of western Tibet In order to understand the importance of holy Mt Kailash it is necessary to know that it is considered the legendary abode of the gods One circle around the mountain 54 km is symbolically one revolution of the wheel of life or the cycle from birth to death This simultaneously brings about the purification and forgiveness of all sins committed in this lifetime This is the land of the Sun In this spot I started to understand the difference between the world that I was coming from and the one that was standing before me This is without doubt the most beautiful spot on Earth This is Shambhala These were moments of great happiness when all the struggles of travelling are forgotten and replaced by sheer joy This is the physical and spiritual climax of the pilgrimage because the Drolma La pass is considered the most holy spot on the trail and arrival there marks the beginning of a completely new life

Ritual Journeys in South Asia Christoph Bergmann, Jürgen Schaflechner, 2019-08-09 This book focuses on the ritualized forms of mobility that constitute phenomena of pilgrimage in South Asia and establishes a new analytical framework for the study of ritual journeys The book advances the conceptual scope of classical Pilgrimage Studies and provides empirical depth through individual case studies A key concern is the strategies of ritualization through which actors create assemble and re articulate certain modes of displacement to differentiate themselves from everyday forms of locomotion Ritual journeys are understood as being both productive of and produced by South Asia's socio economically uneven politically charged and culturally variegated landscapes From various disciplinary angles each chapter explores how spaces and movements in space are continually created contested and transformed through ritual journeys By focusing on this co production of space and mobility the book delivers a conceptually driven and empirically grounded engagement with the diverse and changing traditions of ritual journeying in South Asia Interdisciplinary in its approach the book is a must have reference work for academics interested in South Asian Studies Religious Studies Anthropology and Human Geography with a focus on pilgrimage and the socio spatial ideas and practices of ritualized movements in South Asia
