The British Expeditionary Force, 1939-40 E. Smalley, 2015-05-26 Between September 1939 and June 1940 the British Expeditionary Force confronted the German threat to France and Flanders with a confused mind set an uncertain skills set and an uncompetitive capability This book explores the formation s origins the scale of defeat in France and the campaign s considerable legacy

The Great Syrian Revolt and the Rise of Arab Nationalism Michael Provence, 2009-09-17 A historical study of the 1925 revolt against French rule in Syria and how it established a new popular nationalism that helped shape the Middle East The Great Syrian Revolt of 1925 was the first mass movement against colonial rule in the Middle East Mobilizing peasants workers and army veterans it was also the region s largest and longest lasting anti colonial insurgency during the inter war period Though the revolt failed to liberate Syria from French occupation it provided a model of popular nationalism and resistance that remains potent in the Middle East today Each subsequent Arab uprising against foreign rule has repeated the language and tactics of the Great Syrian Revolt In this work Michael Provence uses newly released secret colonial intelligence sources neglected memoirs and popular memory to tell the story of the revolt from the perspective of its participants He shows how Ottoman subsidized military education created a generation of leaders who rebelled against both the French Mandate rulers of Syria and the Syrian elite who helped the colonial regime This new popular nationalism was unprecedented in the Arab world Provence shows compellingly that the Great Syrian Revolt was a formative event in shaping the modern Middle East

Reform Judaism in America Kerry Olitzky, Lance J. Sussman, Malcolm H. Stern, 1993-03-17 This valuable reference

extensively documents the lives and careers of the most influential leaders of Reform Judaism in America. The editors have assembled concise but informative biographical profiles of approximately 170 people. The work spans the period from the beginning of the Reform movement in 1824 through the 1976 Centenary Perspective. The individuals profiled were selected because of their impact on Reform Judaism at a national level. Included are the principal architects of reform, national organizational leaders, distinguished rabbis and academicians, outstanding cantors, volunteer lay activists, and women. The work begins with an essay on the history of Reform Judaism in America. A biographical dictionary follows. Each entry in the dictionary assesses the career and contributions of a particular leader and closes with a short bibliography of works by and about that individual. The dictionary is followed by a set of essays that overview the history of associations related to Reform Judaism. A section of appendices lists the principal figures affiliated with these organizations. An extensive bibliography of primary and secondary sources concludes the work, making it an indispensable reference tool.
