Tigers Trues:

Awakening the Sleeping Tiger: The True Story of a Professional Chinese Athlete , G.E. Moore G.E.

Moore,2013-05-13 G E Moore more than either Bertrand Russell or Ludwig Wittgenstein was chiefly responsible for the rise of the analytic method in twentieth century philosophy This selection of his writings shows Moore at his very best The classic essays are crucial to major philosophical debates that still resonate today Amongst those included are A Defense of Common Sense Certainty Sense Data External and Internal Relations Hume s Theory Explained Is Existence a Predicate Proof of an External World In addition this collection also contains the key early papers in which Moore signals his break with idealism and three important previously unpublished papers from his later work which illustrate his relationship with Wittgenstein

Realism and Explanatory Priority J. Wright,2013-06-29 One of the central areas of concern in late twentieth century philosophy is the debate between Realism and anti Realism But the precise nature of the issues that form the focus of the debate remains controversial In *Realism and Explanatory Priority* a new way of viewing the debate is developed The primary focus is not on the notions of existence truth or reference but rather on independence A notion of independence is developed using concepts derived from the theory of explanation It is argued that this approach enables us to clarify the exact nature of the empirical evidence that would be required to establish Realism in any area The author defends a restricted form of Realism which he calls Nomic Structuralism The book will be suitable for professional philosophers of language science and metaphysics and their graduate students *Tiger-Tiger, Is It True?* Byron Katie,Hans Wilhelm,2009-11-15 *Tiger Tiger Is It True* is a story about a little tiger who thinks that his whole world is falling apart his parents don t love him his friends have abandoned him and life is unfair But a wise turtle asks him four questions and everything changes He realizes that all his problems are not caused by things but by his thoughts about things and that when he questions his thoughts life becomes wonderful again This is a heartwarming story with a powerful message that can transform the lives of even very young children Byron Katie s wisdom filled words and Hans Wilhelm s vivid magical illustrations combine to make a book that will become one of the classics of children s literature

an adventure is what you make of it and over the years that is exactly what I have come to consider true Not long ago I had an adventure when I journeyed to far off Tibet with my son Lowell Thomas Jr and spent sometime among those little known and mysterious people I have adventured in many lands and on the shores of all the seven seas And yet I have had remarkable adventures right in the heart of New York City and in London and Paris in the form of remarkable unexpected or exciting occurrences while adventures of some of our most history changing personages have occurred in the cities and towns of our lands I suppose it is fortunate that men have always wanted to think of themselves as adventurous spirits And what a vast company they include Whenever a call has gone out for adventure seekers the response has been overwhelming Take for instance this advertisement placed by my friend Sir Ernest Shackleton the polar explorer in the London newspapers in 1900 MEN WANTED for Hazardous Journey Small wages bitter cold long months of complete darkness constant danger safe return doubtful Honor and recognition in case of success Sir Ernest Shackleton Shackleton in speaking of it later said It seemed as though all the men in Great Britain were determined to accompany me the response was so overwhelming Why You might well ask Why would anyone seek such difficulties with such doubtful returns The answer no doubt is partially instinct for mankind has learned that it is adventure that will preserve the human race Adventure has discovered new lands climbed new peaks explored uncharted deserts crossed new oceans The adventurer is a man at his most alive his strongest his wildest An adventurer is a man who dares to combat nature to meet it on his own ground Nature to him may take the form of dangerous wild beasts dangerous oceans sometimes even dangerously new ideas He is a history maker a map changer His exploits serve to inspire others and to lift mankind to its highest pinnacle Obviously it would be hopeless to try to include in a single book every great adventure Obvious and regrettable We nod an apology to Columbus and Balboa to Peary Amundsen and Byrd the Wright Brothers those who were first to sail and fly around the world and to all those hero adventurers of our wars who have been excluded here for lack of space Our selections have been chosen on three bases the greatness of the adventure involved the interesting style of the adventure teller the variety of the different kinds of man s adventures If by the reading of this book somewhere just one person is inspired to the heights just one great new adventurer is born whose exploits will be recorded in tomorrow s anthologies then we shall consider this an exciting editorial adventure for which we have ample reward Introduction **The Literary Digest** ,1930 **Tiger** ,1928 **True History of the So-called £1,000,000 Forgery, the Bank Duped** George Bidwell,1891
