Changes in Time William Taylor,2016-07-28 This riveting novel *Changes in Time* by brilliant author William Taylor tells the story of a man named Albert Rizenback who has the power to change the future through time travel Albert Rizenback started out after the accident being able to pick a date and place and see what was happening there for 10 minutes Since that time his abilities have increased and he has been able to alter events in the past that create a whole different present in this world Albert certainly has the ability to change history and in the process change the present He has researched the Internet and viewed what would happen to the world if he changed some of the major events in history He has come to the conclusion that it is not his office in life to modify the world to a form that fits what he believes He had come to the conclusion long ago that a person s life and where they stood in life were a result of the decisions they made on a personal level Each person was where he or she was in life and in their spirituality where they had placed themselves through those decisions and it was not up to him to change that This is his story and you can watch as he tries to make changes and see things as they really happened His life is changing each time he

makes a journey and the world changes as well See to what heights he can go on his journey and agonize with him as he has to make some very real and difficult choices A novel with a remarkable theme Changes in Time author William Taylor tells the story in an extraordinary fashion that you would not want to put the book down William Taylor begins the story with surprising action combines substance and form completing a novel that has plenty of strong scenes that make you want to immediately turn to the next page Changes in Time is a rich narrative written in a manner that gives texture color and depth to the characters Through the concept of time travel author William Taylor explores the possibilities of being able to turn back time and change even a single detail of one s past The author also explores the possible effects of being able to travel through time At the same time the novel also makes its readers think about their lives Changes in Time gives its readers a new perspective on life It will leave a sense of relief in the readers since the story also teaches the reader that he has the power to do what he wants in his life thus making him learn about accountability over the decisions that he makes in his life The novel is also witty and at the same time is full of insights on how the lives of many individuals are interconnected among each other One person s life is like a drop of water in the sea That single drop has altered the sea but in many ways that we are unable to comprehend or ever be able to see Purchase a copy of this book now and read the novel at your leisure We assure you that you will never regret a single cent that you spent on purchasing this book *Time and Again* Jack Finney, 2014-03-03 The 50th anniversary edition of the beloved classic that Stephen King has called THE great time travel story Featuring a brand new introduction by the New York Times bestselling author of Recursion Blake Crouch When advertising artist Si Morley is recruited to join a covert government operation exploring the possibility of time travel he jumps at the chance to leave his mundane 20th century existence and step into the past But he also has another motivation for going back in time a half burned letter that tells of a mysterious tragic death and ominously of fire which will destroy the whole world Traveling to New York City in January 1882 to investigate he finds a Manhattan teeming with a different kind of life the waterfront unimpeded by skyscrapers open air markets packed with activity Central Park bustling with horse drawn sleighs a city on the precipice of great things At first Si welcomes these trips as a temporary escape but when he falls in love with a woman he meets in the past he must choose whether to return to modern life or live in 1882 for good Pure New York fun Alice Hoffman New York Times bestselling author Time and Again is meticulous recreation of New York in the late nineteenth century exploring the possibilities of time travel to tell an ageless story of love longing and adventure Finney s magnum opus has been a source of inspiration for countless science fiction writers since its first publication in 1970 The Map of Time Félix J. speculator H G Wells is a machine that might offer them the hope they need *The Ironic Apocalypse in the Novels of Leopoldo Marechal* Norman Cheadle,2000 A fresh look at the Argentine novelist Marechal emphasises his subversive approach in his novels to the Peronist politics of his time Leopoldo Marechal has become a chosen precursor of many contemporary Argentine writers cineastes and intellectuals and so his novels universally recognized but rarely studied demand treatment from a contemporary critical sensibility This study departs from the line of criticism that reads Marechal as a Christian apologist arguing instead that Marechal s metaphysical novels are really metafictional ludic exercises informed by ironic scepticism Ad n Buenosayres 1948 inverts the Christian Platonist narrative of redemption through the Logos in El Banquete de Severo Arc ngelo 1965 Marechal tongue firmly in cheek leads his readers on a metaphysical wild goose chase and in Megaf n o la guerra 1970 he finally lays apocalypticism to rest The close readings of his novels presented in this book help to lay the theoretical groundwork underpinning Marechal s reinscription in contemporary Argentine culture
