**Time and the Art of Living** Robert Grudin,1997-09 This is a book about time about one s own journey through it and more important about enlarging the pleasure one takes in that journey It s about memory of the past hope and fear for the future and how they color for better and for worse one s experience of the present Ultimately it s a book about freedom freedom from despair of the clock of the aging body of the seeming waste of one s daily routine the freedom that comes with acceptance and appreciation of the human dimensions of time and of the place of each passing moment on life s bounteous continuum For Robert Grudin living is an art and cultivating a creative partnership with time is one of the keys to mastering it In a series of wise witty and playful meditations he suggests that happiness lies not in the effort to conquer time but rather in learning to bend to its curve in hearing its music and learning to dance to it Grudin offers practical advice and mental exercises designed to help the reader use time more effectively but this is no ordinary self help book It is instead a kind of wisdom literature a guide to life a feast for the mind and for the spirit Time and the Art of Living Robert Grudin,1988
