Treasure Coast Gold:

Hidden Gold of Florida's Treasure Coast Bruce Goldwell, 2025-12-20 Gold once washed ashore along Florida's Treasure Coast after powerful storms scattered the legendary 1715 Spanish Treasure Fleet. Today the treasure is different but it still rewards those who know where to look. Hidden Gold of Florida's Treasure Coast is not a relocation guide filled with statistics or a sales pitch disguised as a book. It is a reflective experience driven exploration of one of Florida's most distinctive coastal regions written by someone who has lived in every community it describes. From Vero Beach's quiet luxury and Sebastian's authentic river to sea culture to the creative resurgence of Fort Pierce, the ease of Jensen Beach and the balanced waterfront life of Stuart, this book reveals what maps and listings never show: how places actually feel over time. Through history, local insight, real life stories, and thoughtful observation, readers discover why so many people move to the Treasure Coast and why so few leave once they arrive. The book gently reframes the idea of treasure, shifting from buried gold to something far more valuable: space, calm, access, and long term fit. Whether you are considering a move, planning a visit, or simply curious about what makes this stretch of Florida different, Hidden Gold of Florida's Treasure Coast offers clarity without pressure and perspective without hype. The real treasure isn't buried anymore. It's lived. [Treasure Coast Gold](#) Paul McElroy, 2004-04 Stuart, Florida provides the setting for Federal undercover agent Mack McCray and a continuing cast of characters. A Spanish treasure galleon buried under thirty feet of beach sand by a hurricane in 1715 was uncovered in a 1949 hurricane. It was found by a hotel maid and handyman who hauled off nine chests of gold coins and melted them down for sale to local jewelers. They kept their find secret until Mack stumbled across them. Assassins, double identities, retired strippers, and a turkey buzzard named Napoleon intertwine in this spine-tingling thriller. **The Gold Cannon** Robert Vanderzee, 2024-08-02 When Paul Steiger questions the authenticity of an ancient Aztec artifact, a gold cannon, he becomes a target for assassination by a one-legged contract killer on a mega yacht enroute to Norman Island in the British Virgins, accompanied by eight Mafia widows with bad attitudes. [Top Secret](#) Crispin Boyer, 2021-04-06 Pssst! Want to know a secret? How about a few hundred of them?
