Searching for and Maintaining Peace Jacques Philippe,2002 We live in a day and age characterized by an extraordinary amount of agitation and lack of peace This tendency manifests itself in our spiritual as well as our secular life In our search for God and holiness in our service to our neighbor a kind of restlessness and anxiety take the place of the confidence and peace which ought to be ours What must we do to overcome the moments of fear and distress which assail us all too often in our lives How can we learn to place all our confidence in God and abandon ourselves into his loving care This is what is taught in this simple yet profound little treatise on peace of heart Taking concrete examples from our everyday life the author invites us to respond in a Gospel fashion to the upsetting situations we must all confront Since peace of heart is a pure gift of God it is something we should seek pursue and ask him for without cease This book is here to help us in that pursuit **A treatise on the peace of the soul. Alban Butler,1798 *Attaining Inner Peace in Islam* Zuleyha Keskin,2021-08-20 This book discusses inner peace from an Islamic theological and spiritual perspective the writings of Said Nursi a twentieth century Muslim scholar Inner peace is a topic of great interest in the world at present While happiness and mental health have been extensively discussed from a psychological and sociological perspective and while inner peace has been written about from various religious viewpoints there is very little scholarly work on inner peace from an Islamic theological and spiritual perspective This book addresses this significant gap With Islam being the second largest religion in the world this book provides an important contribution to the literature on a faith tradition which is followed by so many In addressing the intersection between Islam spirituality and psychology this book makes an original contribution to the literature on modern Islamic thinkers like Nursi and to the broader fields of Islamic studies and theology philosophy and well being studies
