Accompany Them with Singing--The Christian Funeral Thomas G. Long, 2009-10-02 Thomas Long begins this fascinating volume by describing how the Christian funeral developed historically theologically and liturgically and then discusses recent cultural trends in funeral practices including the rise in both cremations and memorial services He describes the basic pattern for a funeral service details options in funeral planning identifies characteristics of a good funeral and provides thoughtful guidance for preaching at a funeral Long also notes a disturbing trend toward funeral services that seem theologically right and pastorally caring but actually depart from the primary aims of the Christian funeral He argues that a new less theological and less satisfying service that focuses on the mourner has begun to erode the Christian view He contrasts the ancient grand community drama with today's trend toward body less memorial services that focus primarily on the living and grief management This is a loss for the church he argues and he calls for the church to reclaim the classic metaphor **Common Worship Pastoral Services** Church of England, 2005 Contains the Marriage Funeral and Wholeness and Healing services for the Church of England and the Thanksgiving for the Gift of a Child This book is finished in a green hardback cover with gold blocking and has four ribbons A Companion to Common Worship Paul F. **Death Liturgy and Ritual** Paul P.J. Sheppy,2017-07-05 Death Liturgy and Ritual is a two volume study of Christian funerary theology and practice presenting an invaluable account of funeral rites and the central issues involved for compilers and users Paul Sheppy writes from direct experience of conducting funerals and of drafting liturgical resources for others In Volume II A Commentary on Liturgical Texts reviews a wide range of current Christian funeral rites and examines how they reflect both the Church s concern for the death and resurrection of Christ and the contemporary secular demand for funerals which celebrate the life of the deceased The companion volume Volume I A Pastoral and Liturgical Theology proposes that the Church ought to construct its theological agenda in dialogue with other fields of study Sheppy argues for a Christian statement about death that finds its basis in the Paschal Mystery since human death must be explained by reference to Jesus death descent to the dead and resurrection Using the three phases of van Gennep s theory of rites of passage the author shows how the Easter triduum may be seen as normative for Christian liturgies of death
