Commonwealth of Dominica or another jurisdiction of choice Although persons granted citizenship are ultimately published in the local Official Gazette as required by law the Commonwealth of Dominica respects the privacy of applicants and no foreign government or authority is notified or informed that an application has been submitted or is under review An English speaking country Dominica is an attractive locality in which to obtain dual citizenship as passport holders maintain a positive international reputation with over 100 countries worldwide accepting Dominica nationals Swiss Bank Accounts and Investment Management David Falkayn,Swissinvesting Com,2002 This book is written for the serious person of means who wants safety and performance from invested wealth No matter where you live or what economic and political hazards your country of residence presents to investment you owe it to yourself to consider Switzerland as the place to put your hard earned money especially in the Swiss insurance annuity In my experience a comparison of the Swiss annuity with more traditional forms of asset protection shows that an annuity can serve the same function as trusts or similar legal devices but produces a far greater return for your money with complete safety and less complexity Here we are concerned with personal wealth its creation expansion and preservation In that context it is not understatement to describe the Swiss financial system s unequalled world record as unique in combining investor safety with assured earnings Thoughtful people who value financial freedom and asset protection know this well The question is why any serious foreign investor fails to avail himself of the many benefits of the Swiss system The answer is the serious investor never fails Every person should plan for the important aspects of their financial life One major area is estate planning which hopefully will insure that at the time of death property passes without incident according to the deceased s wishes The second area is lifetime financial planning which seeks to build and manage an investable estate to provide assets and income The third area the one I will address is asset protection an indispensable element without which the other two can be rendered meaningless This is one of the first books to discuss the portfolio bond an insurance product offered by companies in Switzerland which offers significant asset protection tax and privacy advantages for American investors Asset Protection Strategies Alexander A. Bove,2002 Providing professional analysis and review of the many issues involved when advising clients on wealth preservation this addition to the Asset Protection Strategies series covers more advanced topics in an area of the law that is growing in demand Topics include protecting a child s inheritance drafting issues offshore limited partnerships and LLCs taxation administration and funding of offshore trusts and liability and due diligence concerns Using Offshore Havens for Privacy and Profits Adam Starchild,1994 In the U S our lives have become transparent to nosy greedy government agencies That s why there is a growing flight of U S capital abroad to safer more inflationproof investment friendly countries Using layman s terms Adam Starchild walks you through the reasons to invest overseas ways to do it and where to entrust your money **Multistate and Multinational Estate Planning** Jeffrey A.
