**Business Ethics**, 2003    *DOLAP ...*, 2000    *Essential Leadership* Daniel Augusto Motta, 2017-11-10

To the writer, *Essential Leadership* is based on three pillars: Personal Excellence, Individual Essence, and Organization Transformation. Within this framework, a leader must understand, define, and impact an organization's strategy, seeing to its development and survival. Organizational objectives must be clear and aligned, and this is the mission of every leader, whatever the structure's size and complexity. To this end, leaders need to be aware of their three vectors: Adherence to Beliefs and Values, Consistent Productivity, and Emotional Bond.

**ELOS: Essential Leadership Skills for Organizational Strategy** methodology is based on six ELOS, and each one has four drivers. The ELOS that need to be fully understood and cultivated are: Competitive Environment, Value Proposition, Organization Essence, Strategic Execution, Essential Leadership, and Performance Catalysts. This book also contains a rich, in-depth analysis of Europe's, China's, and India's past and points out to leaders the direction and the steps needed to redefine and achieve organizational goals.

Forewords by two top executives and testimonials from six others are a testament to Motta's theory.
