Wars In The Third World Since 1945:

Wars in the Third World Since 1945 Guy Arnold, 2016-10-06 With nuclear stalemate holding the superpowers in check during the Cold War violence proliferated in the Third World Sometimes this took the form of colonial liberation wars as the old European empires disintegrated after the Second World War Algeria 1954 1962 or Kenya 1952 1959 sometimes the violence was between Third World countries such as the Iran Iraq War and sometimes it involved the major powers directly the Korean War the Vietnam War the Soviet intervention in Afghanistan Certain regions Central America Southern Africa the Horn of Africa or the Middle East have been in more or less perpetual turmoil for thirty years and more But whatever form the violence has taken protracted guerrilla activity against the central government or short sharp border war the big powers have always been involved They have provided arms to one or both sides they have supported their ideological projects and more generally have manipulated such wars to their own advantage This book examines five broad categories of war colonial liberation wars big power intervention wars wars between Third World countries the special area of Israel and its neighbours and civil wars *Weapons for Peace, Weapons for War* Cassady B. Craft, 1999-08-04 First published in 1999 Routledge is an imprint of Taylor Francis an informal company **Conflict and War in the Middle East** Bassam Tibi, 1998-09-28 Few studies of Middle East wars go beyond a narrative of events and most tend to impose on this subject the rigid scheme of superpower competition The Gulf War of 1991 however challenges this view of the Middle East as an extension of the global conflict The failure of the accord of both superpowers to avoid war even once regional superpower competition in the Middle East had ceased must give rise to the question Do regional conflicts have their own dynamic Working from this assumption the book examines local regional constraints of Middle East conflict and how through escalation and the involvement of extra regional powers such conflicts acquire an international dimension The theory of a regional subsystem is employed as a framework for conceptualising this interplay between regional and international factors in Tibi's examination of the Middle East wars in the period 1967-91 Tibi also provides an outlook into the future of conflict in the Middle East in the aftermath of the most recent Gulf War **The Waning of Major War** Raimo Vayrynen, 2013-10-31 This book is a systematic effort by leading international scholars to map the trends in major power warfare and explore whether it is waxing or waning The main point of departure is that major power war as a historical institution is in decline This does not mean though that wars between states are in general disappearing While there is some convergence in the conclusions by individual authors they are by no means unanimous about the trend The articles explore different causes and correlates of the declining trend in major power warfare including the impact of the international structure nuclear weapons international law multilateral institutions sovereignty and value changes *Airpower in Small Wars* James S. Corum, Wray R. Johnson, 2003 The use of airpower in wartime calls to mind the massive bombings of World War II but airplanes have long been instrumental in small wars as well Ever since its use by the French to put down rebellious Moroccan tribes in 1913 airpower has been employed to

fight in limited but often lengthy small conflicts around the globe This is the first comprehensive history of airpower in small wars conflicts pitting states against non state groups such as insurgents bandits factions and terrorists tracing it from the early years of the twentieth century to the present day It examines dozens of conflicts with strikingly different scenarios the Greek Civil War the Philippine Anti Huk campaign French and British colonial wars the war in South Vietnam before the American escalation counterinsurgency in southern Africa Latin American counterinsurgency operations and counterinsurgency and counterterrorist campaigns in the Middle East over the last four decades For each war the authors describe the strategies employed on both sides of the conflict the air forces engaged and the specific airpower tactics employed They discuss the ground campaigns and provide the political background necessary to understand the air campaigns and in each case they judge the utility of airpower in its broadest sense In their historic sweep they show how forms of airpower evolved from planes to police helicopters aircraft of the civilian air reserve and today s unmanned aircraft They also disclose how small wars after World War II required new strategies operational solutions and tactics By taking this broad view of small war airpower the authors are able to make assessments about the most effective and least effective means of employing airpower They offer specific conclusions ranging from the importance of comprehensive strategy to the need for the United States and its allies to expand small wars training programs Airpower in Small Wars will be invaluable for educating military professionals and policy makers in the subject as well as for providing a useful framework for developing more effective doctrine for employing airpower in the conflicts we are most likely to see in the twenty first century

The Struggle against Imperialism Edward H. Judge, John W. Langdon, 2018-06-15 This concise and engaging book argues that the Cold War and anti colonial movements should properly be studied and taught together not as distinct developments but rather as interwoven aspects of a complex global transformation The authors provide a cogent and concise description of the post World War II era and reveal connective dimensions of that era that remain hidden in books that focus primarily on either the Cold War or the struggles against imperial rule It not only deals with anti colonialism and Cold War together but also portrays the Cold War as a contest between anti imperialist empires capped by the collapse of one of them the multicultural trans regional Soviet realm in a work that is engaging and accessible to both students and general readers

The Making of the Second Cold War Fred Halliday,1986

The Cold War's Killing Fields Paul Thomas Chamberlin,2018-07-03 This sweeping international military history boldly reframes the Cold War as one of the three great conflicts of the twentieth century The Cold War has long been viewed as a tense diplomatic standoff between global superpowers representing democracy and communism Yet it fostered a series of deadly conflicts on battlegrounds across the postcolonial world For half a century as an uneasy accord hung over Europe ferocious wars raged in the Cold War s killing fields resulting in more than fourteen million dead victims who remain largely forgotten and all but lost to history A superb work of scholarship The Cold War s Killing Fields is the first global military history of this conflict and the first full accounting of its devastating impact More than previous armed conflicts the wars of the post 1945 era ravaged civilians across vast stretches of territory from Korea and Vietnam to Bangladesh and Afghanistan to Iraq and Lebanon Chamberlin provides an understanding of this sweeping history from the ground up and offers a moving portrait of human suffering capturing the voices of those who experienced the brutal warfare Chamberlin explores in detail the numerous battles fought to prevent nuclear war bolster the strategic hegemony of the United States and the USSR and determine the fates of

societies throughout the Third World Power To The People Robert K Schaeffer,1997-07-31 Power to the People after documenting the emergence of a new interstate system and the Cold War that divided it in the postwar period examines the factors that led to the process of democratization in countries around the world *British Book News* British Council,1992 Includes no 53a British wartime books for young people **Security and Defence of Non-aligned Countries** ,1989
