H. Duignan,2015-08-06 Excerpt from *Warwickshire Place Names* In introducing *Warwickshire Place Names* I have little to add to the prefaces to my earlier works on *Staffordshire* and *Worcestershire* names I have used Dugdale s *Antiquities of Warwickshire* for a foundation as containing the best account of the county in his day 1656 but many places some noticed by him as then depopulated have now disappeared from maps and directories I have endeavoured to deal with all places however small having a history and supplying the necessary forms In tracing them I have been able to identify several Domesday manors apparently unrecognized by Dugdale or Reader *Warwickshire Domesday 1835* Only six now remain unknown viz Altone Ermendone Leth Rincele Surland and

Ulware I have found Dugdale very serviceable in the supply of forms which he is careful to give in their old garb He tells us that he spent twenty years in searching public and private records for material About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
