Was Christen Glauben:

, Des heiligen Evangelisten und Apostels Johannis Catechismus-Lehre genommen aus seiner ersten Epistel ... Mit einer Paraphrasi der gantzen Epistel ... Geschrieben im Jahr, da Babels Untergang nahe war, 1705 *The Book of Esther between Judaism and Christianity* Isaac Kalimi, 2023-07-06 The book of Esther is one of the most challenging books in the Hebrew Bible Old Testament not only because of the difficulty of understanding the book itself in its time place and literary contexts but also for the long and tortuous history of interpretation it has generated in both Jewish and Christian traditions In this volume Isaac Kalimi addresses both issues He situates traditional literary textual theological and historical critical discussion of Esther alongside comparative Jewish and Christian interpretive histories showing how the former serves the latter Kalimi also demonstrates how the various interpretations of the Book of Esther have had an impact on its reception history as well as on Jewish Christian relations Based on meticulous and comprehensive analysis of all available sources Kalimi s volume fills a gap in biblical Jewish and Christian studies and also shows how and why the Book of Esther became one of the central books of Judaism and one of the most neglected books in Christianity

Der Herold der Christlichen Wissenschaft, 1919 **The German Awakening** Andrew Kloes, 2019-05-03 Historians of modern German culture and church history refer to the Awakening movement die Erweckungsbewegung to describe a period in the history of German Protestantism between the end of the Napoleonic Wars in 1815 and the Revolution of 1848 The Awakening was the last major nationwide Protestant reform and revival movement to occur in Germany This book analyzes numerous primary sources from the era of the Awakening and synthesizes the current state of German scholarship for an English speaking audience It examines the Awakening as a product of the larger social changes that were re shaping German society during the early decades of the nineteenth century Theologically Awakened Protestants were traditionalists They affirmed religious doctrines that orthodox Protestants had professed since the confessional statements of the Reformation era Awakened Protestants rejected the changes that Enlightenment thought had introduced into Protestant theology and preaching since the mid eighteenth century However Awakened Protestants were also themselves distinctly modern Their efforts to spread their religious beliefs were successful because of the new political freedoms and economic opportunities that the Enlightenment had introduced These social conditions gave German Protestants new means and abilities to pursue their religious goals Awakened Protestants were leaders in the German churches and in the universities They used their influence to found many voluntary organizations for evangelism in Germany and abroad They also established many institutions to ameliorate the living conditions of those in poverty Adapting Protestantism to modern society in these ways was the most original and innovative aspect of the Awakening movement
