

WASHINGTON, D.C.

A State or Nah?

Overview

Washington, DC, the capital of the United States of America is located on the Potomac River, bordering the states of Maryland and Virginia. DC is defined by its monuments and buildings - including the iconic ones that house the federal government's 3 branches: the Capitol, White House and Supreme Court. It's also home to many museums & performing arts venues such as the Kennedy Center.

Is D.C. a state?

Washington, DC, isn't a state; it's a district. DC stands for District of Columbia. Its creation comes directly from the US Constitution, which provides that the district, "not exceeding 10 miles square," would "become the seat of the Government of the United States" over which Congress would "exercise exclusive legislation." James Madison spelled out the reason for the arrangement, explaining that maintaining an isolated district would prevent any state from holding too much power by being home to the national government.

The Flag

The flag of Washington, D.C., consists of three red stars above two red bars on a white background. It's an official banner based on the design of the coat of arms granted to George Washington's great-great-great-grandfather, Lawrence Washington of Sulgrave Manor, Northamptonshire, England in 1590.

A Brief History Lesson

The Washington Monument, Capitol building and the White House are not located in one of the 50 states. It's in a federal district called the District of Columbia.

At first, the capital of the U.S.A. was New York City. That's where George Washington took the oath of office. Then it was moved to Philadelphia, where both Washington and John Adams were Presidents. A lot of people were not happy with that because it was not in the middle of (what was then) the United States.

All of the states have tried to have their capital in a city as close as possible to the middle of the state. They wanted the same for the nation's capital. After much discussion and debate they settled on creating the District of Columbia on July 16, 1790. The city of Washington grew to fill the area.
