Good Old Days We Survived--and Thrived Ken Tate, Janice Tate, 2003 When things go wrong as they sometimes will When the road you're trudging seems all uphill When the funds are low and the debts are high And you want to smile but you have to sigh When care is pressing you down a bit Rest if you must but don't you quit Times were tough but we made it through These were times when people depended on one another when they learned to take nothing for granted and to recognize those things that were more important than the luxuries money could buy

Ngā Mōrehu: The Survivors (2nd Edition) Judith Binney, 2013-06-11 For much of women's history memory is the only way of discovering the past Other sources simply do not exist This is true for any history of Maori women in this century All the women in this book have lived through times of acute social disturbance Their voices must be heard Judith Binney 1992 In eight remarkable oral histories NGA MOREHU brings alive the experience of Maori women from in the mid twentieth century Heni Brown Reremoana Koopu Maaka Jones Hei Ariki Algie Heni Sunderland Miria Rua Putiputi Onekawa and Te Akakura Rua talked with Judith Binney and Gillian Chaplin sharing stories and memoirs These are the women whose voices must be heard The title the survivors reflects the women's connection with the visionary leader Te Kooti Arikirangi Te Turuki and his followers who adopted the name Nga Morehu during the wars of the 1860s But these women are not only survivors they are also the chosen ones the leaders of their society They speak here of richly diverse lives of arranged marriages and whangai adoption traditions of working in both Maori and Pakeha communities They pay testimony to their strong sense of a shared identity created by religious and community teachings

Medicine, Money, and Meaning Luka Jakelja, 2026-02-24 This book explores the tension between money and medicine how it emerges

how doctors of different medical disciplines deal with it in various contexts and what its respective consequences are It empirically illustrates Georg Simmel s conceptualization of money as an absolute means and simultaneously develops an action theory of money based on money attitudes The author draws on 38 semi structured interviews with medical doctors in Austria and uses a pragmatist variant of Grounded Theory While the book examines the attitudes of medical doctors toward money it also raises a much broader set of existential questions that all of us must answer daily in both professional and personal life what does money mean to me and how does money relate to the things that are of the highest importance to me It challenges dominant approaches within the American sociology of money inasmuch as it points to a spectrum of money attitudes and corresponding actions which influence particular social relations The book can therefore be understood as an attempt to foster renewed academic discussions by opening the discourse between the United States and Europe in a transcultural and interdisciplinary manner A fresh and challenging approach that moves the field forward it will appeal to scholars and post graduate students of economic sociology medical sociology and the sociology of money with interests in ethics and morality and Simmel studies
