We The Arcturians:

Connecting with the Arcturians 5 David K. Miller, Is Earth s crisis part of a cosmic drama The Arcturians address this question and provide a new galactic perspective Other planets they have visited have also gone through the type of crisis we are now experiencing Further the same kinds of polarizations and conflicts have occurred in the developmental cycles of other planets throughout the galaxy Human evolutionary change includes understanding that we are biomagnetic beings of light who possess subtle energetic bodies that interact with galactic forces Along with other tools found in this fifth volume the Arcturians offer a subtle body exercise called shimmering that helps us raise our spiritual vibration It can even be used to protect us and our auras from the coronavirus The evolutionary changes necessary for solving this crisis must be addressed both personally and planetarily This book offers a wide range of techniques interventions and explanations to help make sense of the current planetary crisis It addresses the issue of how the reader as a starseed can contribute to solving planetary imbalance

Connecting with the Arcturians David K. Miller,1998-01-01 Only on a rare occasion does a book come along that contains the potential to change the consciousness of our entire planetary culture Many have talked about the ascension process but very few really understand what it means Who is really out there Where are we going What are our choices What has to be done to prepare for this event Is everyone ascending to the same place What happened to the fourth dimension How can we understand the fifth dimension What does it feel like How does it operate What are fifth dimensional beings like How do they live This book explains all of these questions in a way that we can easily understand It explains what our relationships are to known extraterrestrial groups and what they are doing to help Earth and her people in this crucial galactic moment in time It explains how we can raise our vibration now and begin the process of integrating higher dimensional energies into our third dimensional world

Connecting with the Arcturians 4 David K. Miller, During this time of planetary crisis the Arcturians explore how we starseeds can cope with these dramatic changes such as updating our immune systems and dealing with electromagnetic energies and energy fields They offer recommendations and ideas for helping us cope with these overwhelming planetary changes This book explores the important subject of ascension and the work leading to ascension The Arcturians present a model based on their observations that precipitating events of ascension occur when the third dimension and fifth dimension intersect At the time of that intersection a powerful spiritual energy will download into Earth s energy field that can uplift those who are at the highest vibrations and prepared for ascension Another concept introduced in this volume is the idea of holographic healing In holography a piece of an object can represent the whole In this Arcturian theory a person on Earth is only a part of their whole self Other parts can include the past self which is the self in other lifetimes and the future self which is the self that will live and evolve in future times There is also a multidimensional self that exists on this and other dimensions

[We, the Arcturians](#) Betty Rice,Norma J. Milanovich,Cynthia Ploski,1990 The Arcturians speaking through Norma have sent Earthlings a gentle message regarding their purpose for

being here They claim they are here to assist Earth as it enters a New Age of spirituality They cannot interfere with the free will or decision making process of any Earthling but are here to educate and help raise the vibrations of all who choose to journey to the new dimension the Earth is entering *New Spiritual Technology for the Fifth-Dimensional Earth* David K. Miller,2008-10-01 Earth is moving closer to the fifth dimension and new spiritual ideas and technologies are becoming available for rebalancing our world Native ceremonies to connect to Earth healing energies Thought projections and thought communication to communicate with Earth Connections with our galactic starseed heritage so that we can relate to our role in the galaxy A new spiritual paradigm to help humankind transition into the next evolutionary stage THE SACRED TRIANGLE REPRESENTS THE INTEGRATION OF THREE SPIRITUAL SOURCES FOR HEALING THE EARTH The Native American spirituality and the spiritual work of the indigenous peoples of the world The mystical energy found in all the major religions in the world including Christianity the Kabbalah Hinduism Sufism and the ascended masters Fifth dimensional galactic spirituality which includes energy from extradimensional masters such as the Arcturians and the Pleiadians *The Moon's Galactic History* Constance Victoria Briggs,2022-10-28 The Moon s Galactic History A Look at the Moon s Extraterrestrial Past and Its Connection to Earth follows the past and present research about the Moon s strange enigmatic history with a focus on an extraterrestrial presence The book examines such questions as Are there Moon inhabitants Are the UFOs seen today connected to the Moon Is there a city on the Moon and more Additionally Briggs discusses thing observed on the Moon including anomalous strange lights unidentified flying objects odd constructions artifacts symbols and more This book examines new thoughts and ideas from researchers and what their ideas are today about the extraterrestrial Moon Earth connection and what it means for us With all the information on unidentified flying objects in the news today it is time to have an updated book with current research that investigates both the past and present material on the Moon Did you know that Several of the NASA astronauts reported seeing UFOs while traveling to the Moon the Moon might be hollow Apollo 10 astronauts heard strange space music when traveling on the far side of the Moon mysterious anomalous activity has been seen on the Moon for centuries there are said to be ruins of structures on the Moon and more **The Technical Delusion** Jeffrey Sconce,2019-01-17 Delusions of electronic persecution have been a preeminent symptom of psychosis for over two hundred years In *The Technical Delusion* Jeffrey Sconce traces the history and continuing proliferation of this phenomenon from its origins in Enlightenment anatomy to our era of global interconnectivity While psychiatrists have typically dismissed such delusions of electronic control as arbitrary or as mere reflections of modern life Sconce demonstrates a more complex and interdependent history of electronics power and insanity Drawing on a wide array of psychological case studies literature court cases and popular media Sconce analyzes the material and social processes that have shaped historical delusions of electronic contamination implantation telepathy surveillance and immersion From the age of telegraphy to contemporary digitality the media emerged within such delusions to become the privileged site for imagining

the merger of electronic and political power serving as a paranoid conduit between the body and the body politic Looking to the future Sconce argues that this symptom will become increasingly difficult to isolate especially as remote and often secretive powers work to further integrate bodies electronics and information *The Earth Gate* Chris Comish,2012-07-11
