**What It Used to Be Like** Maryann Burk Carver, 2007-07-10

Maryann Burk Carver met Raymond Carver in 1955 when she was fifteen years old and he seventeen. In *What It Used to Be Like*, Maryann Burk Carver recounts a tale of love at first sight in which the two teenagers got to know each other by sharing a two-year long distance correspondence that soon after found them married and with two small children. Over the next twenty-five years, as Carver's fame grew, the family led a nomadic life moving from school to school teaching post to teaching post. Finally in 1972 they settled in Cupertino, California, where Raymond Carver gave his wife one of his sharpened pencils and bade her to write an account of their history. The result is a breathtaking memoir of a marriage replete with the intimacy of detail that fully reveals the illnesses and talents of this larger-than-life man, his complicated relationships, and his profound loves and losses. *What It Used to Be Like* brings to light for the first time Raymond Carver's lost years and stories and the stories behind the stories of this most brilliant writer. MARYANN BURK CARVER married Raymond Carver when she was sixteen and he was nineteen. They were married for twenty-five years and had two children, Christi and Vance. Maryann Burk Carver is a teacher living on Lummi Island in Washington State. Maryann covers the tumultuous circumstances of her 18 years of marriage to Raymond Carver in page after page that may be easily construed as plot outlines for Carver's early short story masterpieces. Sam Halpert, author of *Raymond Carver: An Oral Biography* and *A Real Good War*, says Ray Carver had a brilliant and heartbreakingly brief career. Seventeen years after his death, we still miss him like crazy. Mary Ann Carver, his first wife, tells the story of how she and he fell through the ice with honesty and considerable courage. William Kittredge, author of *Hole in the Sky* and *The Best Short Stories of William Kittredge*, says the marriage between Ray Carver and Maryann Burk, which commenced when they were teenagers and lasted 25 years, was absurd, tenacious, and sometimes cruel. There was much partying and aimless wandering. Unfathomable decisions were made. Yet the marriage was also the bedrock beneath a small earthquake in the American short story. A humble agent transubstantiation in its effect. This is a dear, sturdy, disarming memoir which proves, at the very least, that even dead 18 years, the masterful Ray Carver knows how to keep the love of a good woman. Joy Williams, author of *The Quick and the Dead* and *Honored Guest*, says it is a testimony of a marriage as well as a portrait of an artist before becoming The Author. It is the story of the hunger for education, the necessity of art in the lives of the working poor. I hope it helps dispel myths about working class writers, about the creative-destructive spirit, about violence and love. For folks who live paycheck to paycheck for readers whose books are all stamped "Property of the Public Library," this story is only too familiar. Sandra Cisneros, author of *The House on Mango Street* and *Caramelo*, says good writers write what they know, but great writers show us what they know to be true. Raymond and Maryann Burk Carver dared to be great in America, and in the end, both paid a terrible price. It's an amazing life, an amazing life. Raymond Carver once said, "Indeed, it was. And it will break your heart because like all great stories, it is true." Diane Smith, author of *Letters from Yellowstone* and *Pictures*

from an Expedition Raymond Carver is one of the very best writers of the late 20th century He met his first wife Maryann Burk when he was sixteen and she was fourteen Her memoir of their nearly twenty five years together is an incredible account not only of their relationship but also of Carver's development as a writer It is indispensable to anyone who cares about Carver's work Stephen Dobyns *The American Poetry Anthology* Daniel Halpern,2019-03-04 This book aims to gather a selection that represents the diversity and richness of American poetry written by poets who share a sophistication that promises to evolve with continued effort and risk a new and powerful poetic idiom **What It Used to Be Like** Maryann Carver,2006-07-11 Maryann Burk Carver met Raymond Carver in 1955 when she was fifteen years old and he was seventeen In *What It Used to Be Like* she recounts a tale of love at first sight in which two teenagers got to know each other by sharing a two year long distance correspondence that soon after found them married and with two small children Over the next twenty five years as Carver's fame grew the family led a nomadic life moving from school to school and teaching post to teaching post In 1972 they settled in Cupertino California where Raymond Carver gave his wife one of his sharpened pencils and asked her to write an account of their history The result is a memoir of a marriage replete with an intimacy of detail that fully reveals the talents and failings of this larger than life man his complicated relationships and his profound loves and losses *What It Used to Be Like* brings to light for the first time Raymond Carver's lost years and the stories behind the stories of this brilliant writer *Raymond Carver* Carol Sklenicka,2009-11-24 The first biography of America's best known short story writer of the late twentieth century The London Times called Raymond Carver the American Chekhov The beloved mischievous but more modest short story writer and poet thought of himself as a lucky man whose renunciation of alcohol allowed him to live ten years longer than I or anyone expected In that last decade Carver became the leading figure in a resurgence of the short story Readers embraced his precise sad often funny and poignant tales of ordinary people and their troubles poverty drunkenness embittered marriages difficulties brought on by neglect rather than intent Since Carver died in 1988 at age fifty his legacy has been mythologized by admirers and tainted by controversy over a zealous editor's shaping of his first two story collections Carol Sklenicka penetrates the myths and controversies Her decade long search of archives across the United States and her extensive interviews with Carver's relatives friends and colleagues have enabled her to write the definitive story of the iconic literary figure Laced with the voices of people who knew Carver intimately her biography offers a fresh appreciation of his work and an unbiased vivid portrait of the writer **Tarbell's Teacher's Guide to the International Bible Lessons for Christian Teaching of the Uniform Course** Martha Tarbell,1910 **American Architect and Building News** ,1895 *Harper's Pictorial Library of the World War* Albert Bushnell Hart,1920 **San Francisco Book Review** ,1969 **The Shadow of the Sword** Robert Williams Buchanan,1883 *The Sea and the Dunes* Harry Kemp,1926 *Handspan of Red Earth* Catherine Webster,1991 Poems of farm life are very much an American tradition and despite our industrial heritage in some ways they depict our national dream Distinctly apart from the English
