Web Of Meaning Essays On Writing Teaching Learning And Thinking:

The Web of Meaning Janet A. Emig, 1983 The title of these eleven essays and talks comes from Vygotsky's famous observation that writing is elaborating the web of meaning Arranged chronologically they form a remarkable story of how one of the most thoughtful and provocative researchers and teachers in the English profession came to an ever deepening understanding of what writing and learning are how they can be nurtured and what teaching means in relation to themselves

Chinese Scholars on Western Ideas about Thinking, Leadership, Reform and Development in Education

Sylvester Chen, Michael Kompf, 2012-12-24 This collection of papers by a group of Chinese educational administrators came about through a graduate study program that facilitated comparisons of educational practices from other cultures against the backdrop of globalization Collaborative international programs allow contrast and comparisons of practices policies and educational principles but are not without barriers faced by candidates which can include but are not limited to culture shock and communication and language adjustments Comparisons of international educational institutions are telling when examined through transfer credit policies degree recognition institutional accreditation and the value of academic credits in a globalized educational marketplace China and Chinese educators recognize that movement and take it most seriously as demonstrated by the group of educational ambassadors who have contributed a variety of perspectives and interests to this volume They are a new wave of thinkers whose studies embrace their native culture and open minds to alternative ways of understanding and acting on rapidly changing educational circumstances for learners teachers and administrators

Introducing Teachers' Writing Groups Jenifer Smith, Simon Wrigley, 2015-11-06 Teachers writing groups have a significantly positive impact on pupils and their writing This timely text explains the importance of teachers writing groups and how they have evolved It outlines clearly and accessibly how teachers can set up their own highly effective writing groups In this practical and informative book the authors share the thinking and practice that is embodied by teachers writing groups provide practical support for teachers running a group or wishing to write for themselves in order to inform their practice cover major themes such as the relationship between writing teachers and the teaching of writing writing as process and pleasure writing and reflective practice writing journals and the writing workshop The authors provide a rationale for the development of writing groups for teachers and for ways of approaching writing that support adult and child writers and this rationale informs the ideas for writing throughout the book All writing and teaching suggestions have been extensively tried and tested by class teachers and will be of enormous interest to any teacher or student teacher wishing to run their own successful writing group

[Encyclopedia of Rhetoric and Composition](#) Theresa Jarnagin Enos, 2011-04-06 This reference guide surveys the field covering rhetoric's principles concepts applications practical tools and major thinkers Drawing on the scholarship and expertise of 288 contributors the

Encyclopedia presents a long needed overview of rhetoric and its role in contemporary education and communications discusses rhetoric s contributions to various fields surveys the applications of this versatile discipline to the teaching of English and language arts and illustrates its usefulness in all kinds of discourse argument and exchange of ideas National Healing Claude Hurlbert,2013-02-01 In National Healing author Claude Hurlbert persuasively relates nationalism to institutional racism and contends that these are both symptoms of a national ill health afflicting American higher education and found even in the field of writing studies Teachers and scholars even in progressive fields like composition are unwittingly at odds with their own most liberatory purposes he says and he advocates consciously broadening our understanding of rhetoric and writing instruction to include rhetorical traditions of non Western cultures Threading a personal narrative of his own experiences as a student professor and citizen through a wide ranging discussion of theory pedagogy and philosophy in the writing classroom Hurlbert weaves a vision that moves beyond simple polemic and simplistic multiculturalism National Healing offers a compelling new aesthetic epistemological and rhetorical configuration

Awareness of Writing/thinking/learning William Worden Palmer,1988 *Contemporary Composition Studies* Edith Babin,Kimberly Harrison,1999-12-30 Composition studies is a rapidly growing and constantly changing field At present however graduate students new to the field and writing teachers who want to make new connections between theory and practice have little choice of current reference works that define key terms in composition studies and provide information about the scholars and researchers who have shaped and are shaping the discipline This book supplies this information in an easily accessible format and places both scholars and terms in the context of the field s development Included are alphabetically arranged entries for 108 individuals who have developed the field and 128 terms central to the discipline The first part of the book provides entries for leaders in composition studies Each entry identifies the areas in which the scholar has contributed most influentially to the field and provides both a chronological overview of the person s contributions and a bibliography of representative works The second part includes entries for terms that are problematic both for newcomers and for those already familiar with the discipline The entries for the terms show how the disciplinary context has shaped the ways in which they have been used The entries also indicate how established thinkers in composition studies and other disciplines have explained or defined the terms provide examples of the terms in context and list scholars often associated with them An appendix includes entries for scholars from other disciplines who have contributed to the field **Literacy** David Wray,2004 This four volume collection reprints key debates about exactly what it means to be literate and how literacy can best be taught Rather than centering on the emotional reaction of mass media debates this set focuses on research findings into processes and pedagogy The themes covered include Literacy its nature and its teaching Reading processes and teaching Writing processes and teaching and New Literacies the impact of technologies **The English Quarterly** ,1989
