Victorian Honeymoons Helena Michie, 2006-12-21 While Victorian tourism and Victorian sexuality have been the subject of much critical interest there has been little research on a characteristically nineteenth century phenomenon relating to both sex and travel the honeymoon or wedding journey Although the term honeymoon was coined in the eighteenth century the ritual increased in popularity throughout the Victorian period until by the end of the century it became a familiar accompaniment to the wedding for all but the poorest classes Using letters and diaries of 61 real life honeymooning couples as well as novels from Frankenstein to Middlemarch that feature honeymoon scenarios Michie explores the cultural meanings of the honeymoon arguing that with its emphasis on privacy and displacement the honeymoon was central to emerging ideals of conjugality and to ideas of the couple as a primary social unit **A Career of Japan** Luke Gartlan, 2019-08-26 A Career of Japan is the first study of one of the major photographers and personalities of nineteenth century Japan Baron Raimund von Stillfried was the most important foreign born photographer of the Meiji era and one of the first globally active photographers of his generation He played a key role in the international image of Japan and the adoption of photography within Japanese society itself Yet the lack of a thorough study of his activities travels and work has been a fundamental gap in both Japanese and Western language scholarship Based on extensive new primary sources and unpublished documents from archives around the world this book examines von Stillfried s significance as a cultural mediator between Japan and Central Europe It highlights the tensions and fierce competition that underpinned the globalising photographic industry at a site of cultural contact and exchange treaty port Yokohama In the process it raises key questions for Japanese visual culture Habsburg studies and cross cultural histories of photography and globalisation A Career of Japan is the winner of the 2nd Professor Josef Kreiner Hosei University Award for International Studies Kreiner Award Luke Gartlan s book is a compelling and enjoyable read and contributes major new perspectives to the growing field of Meiji photography It will certainly be the authoritative work on Raimund von Stillfried but it is also impressive for its contributions to other important areas of Meiji cultural studies including representations of the emperor photography of Hokkaido and world s fairs Bert Winther Tamaki University of California Irvine **Tourists** Lucy Lethbridge, 2022-08-18
FOYLES NON FICTION BOOK OF THE MONTH I really can t recommend this enough especially if you are going on holiday Tom Holland Delightful Lucy Lethbridge has written a glorious romp of a book Kathryn Hughes The Mail on Sunday It is the paramount wish of every English heart ever addicted to vagabondizing to hasten to the Continent In 1815 the Battle of Waterloo brought to an end the Napoleonic Wars and the European continent opened up once again to British tourists The nineteenth century was to be an age driven by steam technology mass industrialisation and movement and in the footsteps of the Grand Tourists a hundred years earlier the British middle classes flocked to Europe to see the sights In Tourists the

voices of these travellers puzzled shocked delighted and amazed are brought vividly to life From the discomfort of the stagecoach to the self contained pleasure palace of the beach resort Lucy Lethbridge brilliantly examines two centuries of tourists experience Among a range of disparate characters we meet the commercial titans of Victorian tourism Albert Smith Henry Gaze and Thomas Cook as well as their successor Vladimir Raitz the creator of the modern beach holiday The growth of popular tourism introduced new markets in guidebooks souvenirs cuisine and health cures It smoothed over class differences but also exacerbated them It destroyed traditional cultures while at the same time preserving them From portable cameras to postcards and suntans Tourists explores how tourism has reflected changing attitudes to modernity and how from the grand hotel to the campsite the foreign holiday exposes deep fears hopes and even longings for home

Sultry Climates Ian Littlewood,2008-12-15 Here said the reviewer for Salon com is a book that is lively and accessible and erudite the perfect companion for anyone who wouldn't be caught dead with an airport paperback though I wouldn't want to wager which one provides more juice Historically the sexual motives of travel have rarely been spelled out in travel guides and brochures *Sultry Climates* is an alternative history of tourism made up of precisely the details that usually go unmentioned As Ian Littlewood demonstrates with dazzling elegance and wit if we want to make sense of the celebrated Grand Tour of the nineteenth and early twentieth centuries for example it's as important to take account of travelers visits to Dresden streetwalkers and Venetian courtesans as it is to reckon with their visits to the Dresden picture gallery and the Doge's Palace From Byron in Greece to Isherwood in Germany from American expatriates on the Left Bank to Orton in Morocco and right up to the present day what emerges from these experiences is a continuing motif of tourism previously neglected or ignored a breathless book a Grand Tour in and of itself Los Angeles Times *The Palgrave Encyclopedia of Victorian*

Women's Writing Lesa Scholl,Emily Morris,2022-12-15 Since the late twentieth century there has been a strategic campaign to recover the impact of Victorian women writers in the field of English literature However with the increased understanding of the importance of interdisciplinarity in the twenty first century there is a need to extend this campaign beyond literary studies in order to recognise the role of women writers across the nineteenth century a time that was intrinsically

interdisciplinary in approach to scholarly writing and public intellectual engagement **Architecture and Tourism** D.

[Archaeological Jewelry](#) Susan Weber Soros,Stefanie Walker,Bard Graduate Center for Studies in the Decorative Arts,2004-01-01 During the nineteenth century in Rome three generations of the Castellani family created what they called Italian archaeological jewelry which was inspired by the precious Etruscan Roman Greek and Byzantine antiquities being excavated at the time The Castellani jewelry consisted of finely wrought gold that was often combined with delicate and colorful mosaics carved gemstones or enamel This magnificent book is the first to display and discuss the jewelry and the family behind it International scholars discuss the life and work of the Castellani revealing the wide ranging aspects of the

family's artistic and cultural activities. They describe the making and marketing of the jewelry, the survey collection of all periods of Italian jewelry on display in the Castellani's palatial store and the Castellani's activities in the trade of antiquities as they sponsored excavations and restored, dealt and exhibited antiques. They also recount the family's involvement in the cultural and political life of their city and country. *The British Library General Catalogue of Printed Books, 1986 to 1987* British Library, 1988 *Victorians Institute Journal*, 1987 **Touching Things** Pirjo Korhokangas, Tiina-Riitta Lappi, Heli Niskanen, 2008. Material culture is something we can touch and can be touched by. It is simultaneously concrete artefacts and expression of values produced and shared by humans. But what is modern material culture like? Material culture has always played an essential role in ethnological studies. The object of ethnological study has been the culture itself, the life reflected in things and artefacts and the beliefs that lie behind the material. But like the definitions of subjects and concepts, the very meaning of material culture in modern ethnology is manifold and therefore needs to be considered continuously and repeatedly anew. This book discusses material culture from various viewpoints such as museums, everyday life and consuming. The focus is on modern things from honeymoon mementoes to sweaters and summer cottages. Articles are based on the papers presented in the IX Finnish-Hungarian Symposium on Ethnology which was held in Jyväskylä, Finland on 24 to 27 August 2006. **An Annotated Bibliography of Diaries Printed in English** Christopher Sampson Handley, 1997. **Across New Worlds** Shirley Foster, 1990. *Albion*, 1986. **Cumulative Bibliography of Victorian Studies**, 1970. **Victorian Women** Peter Bell, 1989. **Biography Index** Bea Joseph, 1988.
