

Whither Thornett

Michael Banda

Whither Thornett:

Gerry Healy and His Place in the History of the Fourth International David North,1991 **Whither Thornett?** Michael Banda,1975 **Contemporary Trotskyism** John Kelly,2018-03-14 Almost 80 years after Leon Trotsky founded the Fourth International there are now Trotskyist organizations in 57 countries including most of Western Europe and Latin America Yet no Trotskyist group has ever led a revolution or built an enduring mass political party Contemporary Trotskyism looks in detail at the influence resilience and weaknesses of the British Trotskyist movement from the 1970s to the present day The book argues that to understand and explain the development resilience and influence of Trotskyist groups we need to analyse them as bodies that comprise elements of three types of organization the political party the sect and the social movement It is the properties of these three facets of organization and the interplay between them that gives rise to the most characteristic features of the Trotskyist movement frenetic activity rampant divisions inter organizational hostility authoritarian and charismatic leadership high membership turnover and ideological rigidity Trotskyist groups have been involved in a wide range of important social movements including trade unions student unions anti war anti racist and anti fascist groups While their energy and activity in civil society have had some success their influence has never been reflected in votes or seats at elections even after the financial crisis Drawing on extensive archival research as well as interviews with many of the leading protagonists and activists within the Trotskyist milieu this is essential reading for students activists and researchers with an interest in the far left social movements and contemporary British political history [The Party is Always Right](#) Aidan Beatty,2024-09-20 A very readable and meticulous take down that will be seen as a must read source on left wing politics from the 1930s to the twenty first century Paul Le Blanc author of Lenin Aidan Beatty skilfully brings us into this sexist ultra hierarchical world highlighting the courageous actions of predominantly female members who exposed decades of sexual assault committed by Healy Camilla Fitzsimons author of Repealed Love it or hate it it s hard to deny that British Trotskyism created some fascinating stories Finding themselves increasingly irrelevant in modern politics these political sects often became twisted aberrations of Comrade Trotsky s ideals Gerry Healy s Workers Revolutionary Party was no exception This new biography tells the story of Healy s life picking apart fact from fiction to reveal a man rotten to the core with authoritarian tendencies Saturating the party with his personality Healy took advantage of his comrades trust and revolutionary zeal eventually forcing a split in 1985 This is a tragic story in the history of Communism wracked with accounts of abuse collaboration with the state and vicious infighting It also reveals the dangers of male dominated political movements secular cults and celebrity culture and is an important reminder of what can happen when a working class movement is betrayed from within Aidan Beatty is an award winning historian and lecturer at Carnegie Mellon University Pittsburgh Pennsylvania He is the author of Private Property and the Fear of Social Chaos and Masculinity and Power in Irish Nationalism which was awarded the James S Donnelly Sr Prize He has written for Jacobin the Irish Times and the
