Who Dare To Live:

Dare to Live Diane Carter, 2009 **Daring to Live** Sheri Hunter, 2020-02-18 When her husband Mannard unexpectedly passed away at just 50 years of age Sheri Hunter was devastated With her whole world falling down around her she turned to her friends Years before she and these Dare Divas had gone on a whitewater rafting trip Now they sought out other adventures zip lining skydiving mountain climbing and more Through these death defying activities and the unwavering support of her friends Sheri slowly found the strength to move forward in life More than just a memoir this empowering female travelogue pairs emotionally resonant confessional storytelling with spiritual takeaways challenging readers to engage fully in their own lives surround themselves with friends who will support them and face life's challenges with courage and faith If you've ever experienced a sudden loss or upheaval in life Sheri's story will reassure you that even if life as you knew it is over the future God has for you is always full of new adventures **Live by Your Fucking Rules** Edy Bravo, 2021-03-08 What if you could live life YOUR way Very often and without realizing it we go through life adopting rules conditioning and shoulds which remain as part of our behavior our life tends to inertia when we are young we normally take a path choose a destination and very rarely we get out of it or question it in depth until most of our time on this earth has passed it is never too late to change but it is better to realize it early and start living from what we really want and not from what we have been told we have to do or where consumerism tells us that life is better Happiness does not come disguised as Louis Vuitton It is about enjoying life what we are going to do while we are here and how we can more fully enjoy our short but beautiful existence living the life we want and not the one we think we have to live In this book I will talk with you about 3 fundamental points to be able to start living your life with intention on purpose and from a place of creation and not of simple administration The characters of life We adopt and adapt characteristics of our environment and people of influence over whom we create characters that help us survive or belong to certain social circles Many times we do it subconsciously the idea of this book is to help you recognize these characters bring them to your consciousness and start creating them on purpose and not as a mere automatic response Re-signify your story Our stories often define and limit us create chains that bind us and do not allow us to move beyond what is expected of us what we believe is possible and what we have experienced in the past In this book I will talk to you about the methods that I have personally used and some other strategies to change the meaning of your life stories and recover the natural role of hero or heroine in your own story I will show you how those chains were not tied to anything Our rules We create rules around our behavior and that of other people many of which we adopt since we were little and carry them through life marking the way of how things should be how we should behave and behave how others have to act Many of these rules come from our environment and have been passed from generation to generation without anyone really asking about their origin or their real usefulness In this book I want to invite you to throw away readapt and revise those old rules and to discover the tools of life that we also have forgotten in the subconscious

About the author My name is Edy Bravo and I write this book because I think it is necessary at least I needed it a few years ago I learned the hard way what it means to sacrifice yourself to please others adopt new rules and beliefs in order to belong and feel included This is not my first book the first was about my spiritual concepts of everyday things The Age of Consciousness not a single rudeness the second a novel IMPERIUM The Awakening an action thriller with a story very good or at least I liked it a lot and this is my third book but it is the first that I write without self censorship where rudeness abounds there are jokes and I take it much more relax this is where I am 100% me but everything has a reason as you will discover in this book my real me was crouched hidden behind many rules masks characters and stories that today do not make sense

Learning to Live the Love We Promise Lewis B. Smedes,2001-03-20 Each one of us enjoys deep relationships held together by an invisible cord called commitment and every important community depends on the strength of that unseen cord At times we find it a joy to keep our commitments At others it seems difficult even impossible to honor those spoken and unspoken pledges If you deeply desire to make and keep commitments If you want insight into what makes relationships work or to learn what to do when a relationship is in crisis If you feel trapped by a bad commitment and wonder if you can experience grace and a new beginning Best selling author Lewis Smedes offers insights that will profoundly affect the way you interact with and relate to others Find out what you and those you love can gain from committed relationships discover how to cope when someone close to you breaks your trust and determine which if any relationships should continue forever as well as how you can make these relationships last in *Learning to Live the Love We Promise*

For Me to Live Is Christ Joel R. Beeke,2025-08-05 Since the time of the Reformation and especially during the era of the Puritans Christians have derived great benefit from reading edifying sermons Christians today would do well to imitate godly saints of the past by supplementing their devotional diet with preaching in print As Joel R Beeke says Though books of sermons do not tend to sell well today unlike in Puritan times when nearly all their books were repackaged sermons the reading of edifying sermons can still be a great blessing to God s children today This book presents thirty six choice sermons from a veteran preacher who has also spent his career training ministers to faithfully preach God s Word These sermons cover a wide range of texts from Genesis to Revelation and treat a host of pertinent topics Nevertheless one grand theme resounds from each of them Jesus Christ and how to live in Him by Him and out of Him Each is spiritually beneficial meant to help readers grow in spiritual maturation to the glory of the triune God Like Paul the goal of every faithful preacher is to proclaim nothing but Jesus Christ and Him crucified 1 Cor 2 2 This volume is evidence that Beeke s two favorite things in life are to know Christ and to preach Christ And as you read by the Spirit s grace your love for Christ will deepen so that you shout from the heart For me to live is Christ
