## Who Wrote The Bible:

*Who Wrote the Bible?* Richard Friedman, 2019-01-15 A much anticipated reissue of *Who Wrote the Bible* the contemporary classic the New York Times Book Review called a thought provoking and perceptive guide that identifies the individual writers of the Pentateuch and explains what they can teach us about the origins of the Bible For thousands of years the prophet Moses was regarded as the sole author of the first five books of the Bible known as the Pentateuch According to tradition Moses was divinely directed to write down foundational events in the history of the world the creation of humans the worldwide flood the laws as they were handed down at Mt Sinai and the cycle of Israel's enslavement and liberation from Egypt However these stories and their frequent discrepancies provoke questions why does the first chapter in Genesis say that man and woman were made in God's image while the second says that woman was made from man's rib Why does one account of the flood say it lasted forty days while another records no less than one hundred And why do some stories reflect the history of southern Judah while others seem sourced from northern Israel Originally published in 1987 Richard Friedman's *Who Wrote the Bible* joins a host of modern scholars who show that the Pentateuch was written by at least four distinct voices separated by borders political alliances and particular moments in history then connected by brilliant editors Rather than cast doubt onto the legitimacy of the Bible Friedman uses these divergent accounts to illuminate a text that was written by real people Friedman's seminal and bestselling text is a comprehensive and authoritative answer to the question just who exactly wrote the Bible

**Who Really Wrote the Bible?** Clayton Howard Ford,2010-02 For many years now a debate has raged among literary scholars as to who wrote the Pentateuch The first five books of the Bible Within that debate two sides with irreconcilably different viewpoints have battled For The truth The result of this discourse will be far reaching threatening the foundations of the world's three greatest religions For Christianity if Moses did not write the Pentateuch then Jesus was misled And The faith of many are in jeopardy If several editors wrote and put together those books at different times as Dr Richard Elliott Friedman argues in his book *Who Wrote the Bible* 1987 then it is possible that Abraham was a fictional character And The faiths of Judaism and Islam have a fictional origin In *Who Really Wrote the Bible* author Clayton Ford sifts through the logical and

literary fallacies put forth as evidence by those who would condemn the Pentateuch's authenticity. By following through the dissenters' reasoning with copious references to their own material, he brings light to how these scholars have tied themselves up in the knots of their own criticism. Where Moses's detractors see inconsistency and evidence for multiple authors, Ford finds examples of elaborate harmony, consistency, and intricate storytelling. Where they find dramatically different styles, Ford shows an educated single author with an ability to alter formats. As evidenced in other examples from antiquity,
