Sipping Life Through A Straw:

Upright on Broken Limbs Barbara J. Weekley, 2013-05-24 This book addresses the other casualties of trauma and loss. It is a tool and guide designed to help the spouse and family members process the catastrophic event affecting their loved one. For Barbara, her husband's Traumatic Brain Injury left her emotionally paralyzed and physically drained until she devised a simple sense ability therapy which she could implement at any time of the day or night. Barbara demonstrates how her personal 911 experience evolved into a positive progression which piques the senses and strengthens the most forlorn spirit.

Communism. Selections from Marx, Engels, Kropotkin, Lenin, Stalin, Trotsky Karl Marx, Friedrich Engels, Peter Kropotkin, Vladimir Lenin, Joseph Stalin, Leon Trotsky, 2025-03-26 Communism is a left wing to far left sociopolitical philosophical and economic ideology within the socialist movement whose goal is the establishment of a communist society, a socioeconomic order centered around common ownership of the means of production, distribution, and exchange that allocates products to everyone in the society. Communist society also involves the absence of private property, social classes, money, and the state. Communists often seek a voluntary state of self-governance but disagree on the means to this end. This reflects a distinction between a more libertarian approach of communization, revolutionary spontaneity, and workers' self-management and a more vanguardist or Communist party-driven approach through the development of a constitutional socialist state followed by the withering away of the state. As one of the main ideologies on the political spectrum, communism is placed on the left wing alongside socialism, and communist parties and movements have been described as radical left or far left. Contents: Karl Marx, Manifesto of the Communist Party, The Class Struggles in France, The Eighteenth Brumaire of Louis Bonaparte, Friedrich Engels, Socialism: Utopian and Scientific, Peter Kropotkin, The Conquest of Bread, Mutual Aid: A Factor in Evolution, Vladimir Lenin, State and Revolution, What Is to Be Done, Imperialism: the Highest Stage of Capitalism, Joseph Stalin, The Foundations of Leninism, Anarchism or Socialism, Marxism and the National Question, Organization of a Russian Federal Republic, The October Revolution and the National Question, Dialectical and Historical Materialism, Marxism and Problems of Linguistics, Leon Trotsky, History of the Russian Revolution, My Life, The Revolution Betrayed, Our Revolution, Essays on Working Class and International Revolution, 1904-1917, Dictatorship vs Democracy, From October to Brest-Litovsk, Lenin, Results and Prospects, The Permanent Revolution, Literature and Revolution, The Bolsheviks and World Peace. [The Futurist Files](#) Iva Glisic, 2018-10-26 Futurism was Russia's first avant-garde movement. Gatecrashing the Russian public sphere in the early twentieth century, the movement called for the destruction of everything old so that the past could not hinder the creation of a new, modern society. Over the next two decades, the protagonists of Russian Futurism pursued their goal of modernizing human experience through radical art. The success of this mission has long been the subject of scholarly debate. Critics have often characterized Russian Futurism as an expression of utopian daydreaming by young artists who were unrealistic in their visions of Soviet society and naive in their comprehension of the Bolshevik political agenda. By

tracing the political and ideological evolution of Russian Futurism between 1905 and 1930 Iva Glisic challenges this view demonstrating that Futurism took a calculated and systematic approach to its contemporary socio political reality This approach ultimately allowed Russia s Futurists to devise a unique artistic practice that would later become an integral element of the distinctly Soviet cultural paradigm Drawing upon a unique combination of archival materials and employing a theoretical framework inspired by the works of philosophers such as Lewis Mumford Karl Mannheim Ernst Bloch Fred Polak and Slavoj i ek The Futurist Files presents Futurists not as blinded idealists but rather as active and judicious participants in the larger project of building a modern Soviet consciousness This fascinating study ultimately stands as a reminder that while radical ideas are often dismissed as utopian and impossible they did and can have a critical role in driving social change It will be of interest to art historians cultural historians and scholars and students of Russian history *Russian and Soviet Views of Modern Western Art* Ilia Dorontchenkov, N.
