Situational Morality

Robert W. Gleason

Situational Morality:

Situation Ethics Joseph F. Fletcher, 1966 A manifesto of individual freedom and individual responsibility elaborated within an ethic of love which extricates modern man from rigid archaic rules and codes Proclaiming that any moral system is too shallow and petty to provide answers the author outlines a methodology for decision making which presupposes individual responsibility and declares that every man must decide for himself what is right Rising above any creed this renewed morality of loving concern is based on agape the love of which only God is capable but which every man must endeavor to emulate Cover notes

Situationism and the New Morality Robert L. Cunningham, 1970

Situation Ethics Joseph Fletcher, 1997-07-01 Igniting a firestorm of controversy upon its publication in 1966 Joseph Fletcher's *Situation Ethics* was hailed by many as a much needed reformation of morality and as an invitation to anarchy by others Proposing an ethic of loving concern Fletcher suggests that certain acts such as lying premarital sex adultery or even murder might be morally right depending on the circumstances Hotly debated on television in magazines and newspapers in churches and in the classroom Fletcher's provocative thesis remains a powerful force in contemporary discussions of morality The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts in easily accessible form Volumes in this series will enable sustained dialogue with predecessors though reflection on classic works in the field

Moral Education and Development Doret J. de Ruyter, Siebren Miedema, 2012-01-01 Worries about the moral standard of younger generations are of all ages The older generation tends to believe that the moral education of young people deserves special attention because their moral development does not reach the level adults hope for This observation does not mean that the older generation is necessarily wrong but what it indisputably does show is that they attach high importance to morality and moral education But what characterises a moral person What influences people to behave morally What should moral education involve Which inter disciplinary contributions are relevant to improving moral education These questions continuously deserve the attention of academics students and professional educators This book is divided into four parts The first part focuses on interdisciplinary empirical research about the reasons why people act morally and the consequences for moral education The primarily philosophical chapters of the second part address the question what it means to be a moral person and the implication of this elucidation for moral education The third part contains five chapters that deal with moral aspects of sex education and civic education The fourth part consists of one chapter that looks at the moral education of students who will work in a pedagogical or educational environment arguing that one's moral development requires a lifetime commitment This book is written for a wide academic audience The collection of chapters will be of interest to pedagogues educational scientists moral philosophers and moral psychologists and to both newcomers and experts in the field

The Mosaic Law Duke F. McGee,2016-09-22 Too many times we read books articles or papers on Christianity and we are left to wonder where the author is coming from or what his approach is for interpreting scripture So right here at the start I would like to declare my method of interpretation and on which translation of the scripture I rest First I take the Word of God scriptures to be infallible inerrant and without contradiction I believe that God said what he meant and meant what he said and it is our task and responsibility to rightly divide the Word of truth On all matters of life and spirit the scripture is the final authority in saying this the scripture will be the primary source material for the whole of this paper When speaking of the scripture I am referring to the authorized version 1611 I believe this is the preserved Word of God for the English speaking people I realize this is another hotly debated topic and we do not have the time or the space to debate it here as this would be a distraction from the main topic I will say though outside of textual criticisms biblical preservation manuscript evidence dynamic or formal equivalence translation and a host other topics in this debate it all comes down to thiswho is the final authority We as Christians need to take a stand we need to pick a version or translation that we believe is the Word of God and say Thus saith the Word of God If we do not we set ourselves up as the final authority and not God we dont like how one version says something so we go to another and another until we find one that says what we want or that proves our point This is not being transformed by the Word of God but making the Word of God conform to us and our biases It is a matter of faith [Ecclesiastical Review ...](#) Herman Joseph Heuser,1956-07 **Fletcher's Situation Ethics** David Mills
