Six Chicks 2005 Calendar:

Gamelan Girls Sonja Lynn Downing, 2019-10-16 In recent years girls and mixed gender ensembles have challenged the tradition of male dominated gamelan performance The change heralds a fundamental shift in how Balinese think about gender roles and the gender behavior taught in children s music education It also makes visible a national reorganization of the arts taking place within debates over issues like women s rights and cultural preservation Sonja Lynn Downing draws on over a decade of immersive ethnographic work to analyze the ways Balinese musical practices have influenced the processes behind these dramatic changes As Downing shows girls and young women assert their agency within the gamelan learning process to challenge entrenched notions of performance and gender One dramatic result is the creation of new combinations of femininity musicality and Balinese identity that resist messages about gendered behavior from the Indonesian nation state and beyond Such experimentation expands the accepted gender aesthetics of gamelan performance but also sparks new understanding of the role children can and do play in ongoing debates about identity and power *The World of Child Labor* Hugh D Hindman, Hugh Hindman, 2014-12-18 The World of Child Labor details both the current and historical state of child labor in each region of the world focusing on its causes consequences and cures Child labor remains a problem of immense social and economic proportions throughout the developing world and there is a global movement underway to do away with it Volume editor Hugh D Hindman has assembled an international team of leading child labor scholars researchers policy makers and activists to provide a comprehensive reference with over 220 essays This volume first provides a current global snapshot with overview essays on the dimensions of the problem and those institutions and organizations combating child labor Thereafter the organization of the work is regional covering developed developing and less developed regions of the world The reference goes around the globe to document the contemporary and historical state of child labor within each major region Africa Latin and South America North America Europe Middle East Asia and Oceania including country level accounts for nearly half of the world s nations Country level essays for more developed nations include historical material in addition to current issues in child labor All country level essays address specific facets of child labor problems such as industries and occupations in which children commonly work the national child welfare policy occupational safety regulations educational system and laws and often highlight significant initiatives against child labor Current statistical data accompany most country level essays that include ratifications to UN and ILO conventions the Human Development Index human capital indicators economic indicators and national child labor surveys conducted by the Statistical Information and Monitoring Program on Child Labor The World of Child Labor is designed to be a self contained comprehensive reference for high school college and professional researchers Maps photos figures tables references and index are included *Mitzvah Girls* Ayala Fader, 2009-07-20 Mitzvah Girls is the first book about bringing up Hasidic Jewish girls in North America providing an in depth look into a closed community Ayala Fader examines language gender and the body from infancy to adulthood showing

how Hasidic girls in Brooklyn become women responsible for rearing the next generation of nonliberal Jewish believers To uncover how girls learn the practices of Hasidic Judaism Fader looks beyond the synagogue to everyday talk in the context of homes classrooms and city streets Hasidic women complicate stereotypes of nonliberal religious women by collapsing distinctions between the religious and the secular In this innovative book Fader demonstrates that contemporary Hasidic femininity requires women and girls to engage with the secular world around them protecting Hasidic men and boys who study the Torah Even as Hasidic religious observance has become more stringent Hasidic girls have unexpectedly become more fluent in secular modernity They are fluent Yiddish speakers but switch to English as they grow older they are increasingly modest but also fashionable they read fiction and play games like those of mainstream American children but theirs have Orthodox Jewish messages and they attend private Hasidic schools that freely adapt from North American public and parochial models Investigating how Hasidic women and girls conceptualize the religious the secular and the modern Mitzvah Girls offers exciting new insights into cultural production and change in nonliberal religious communities
