for the Mainstream? Barbara Korte,Claudia Sternberg,2021-07-26 This book looks at a sector of black and Asian British film and television as it presented itself in the 1990s and early 2000s For this period a mainstreaming of black and Asian British film has been observed in criticism and theory and articulated by an increasing number of practitioners themselves referring to changing modes of production distribution and reception and implying a more popular and commercial orientation of certain media products This idea is a leitmotif for the authors readings of recent films and examples of television drama including such diverse products as Young Soul Rebels and Babymother East Is East and Bend It Like Beckham The Buddha of Suburbia and White Teeth These analyses are supplemented with a look at earlier landmark productions like Pressure as well as relevant social institutional and aesthetic frameworks The book closes with a selection of statements by black and Asian media practitioners who operate from within Britain s cultural industries Mike Phillips Horace Ov Julian Henriques Parminder Vir and Gurinder Chadha **Mortal Prey** John Sandford,2002-05-13 Years ago Lucas

Davenport almost died at the hands of Clara Rinker a pleasant soft spoken low key Southerner and the best hitwoman in the business Now retired and living in Mexico she nearly dies herself when a sniper kills her boyfriend the son of a local druglord and while the boy s father vows vengeance Rinker knows something he doesn t The boy wasn t the target she was and now she is going to have to disappear to find the killer herself The FBI and DEA draft Davenport to help track her down and with his fiancie deep in wedding preparations he s really just as happy to go but he has no idea what he s getting into For Rinker is as unpredictable as ever and between her her old bosses in the St Louis mob the Mexican druglord and the combined sometimes warring forces of U S law enforcement this is one case that will get more dangerous as it goes along And when the crossfire comes anyone standing in the middle won t stand a chance Filled with the rich characterization and exceptional drama that are his hallmarks *Mortal Prey* proves that John Sandford just keeps getting better **Servamus** ,2006

Burma in Revolt Bertil Lintner,1999-05-01 In 1948 Burma was a promising young democracy with a bustling free market economy and a standard of living that surpassed nearly all of its other Asian neighbours Fifty years later Burma is one of the poorest nations in the world with a military dictatorship in Rangoon and 50 000 armed rebels from a myriad of ethnic insurgency groups In this well documented and detailed account well known Burma journalist Bertil Lintner explains the nexus between Burma s booming drug production and its insurgency and counter insurgency providing an answer to the question of why Burma has been unable to shake off thirty five years of military rule and build a modern democratic society Lintner s lively account is interspersed with numerous anecdotes gleaned from personal research and interviews Individuals are given features and personality in the complicated jigsaw of Burma s modern history Beginning with the shock of Aung San s murder in 1947 Lintner retraces events from the 1920s that led to this disastrous event and continues his narrative up to the present navigating the reader through webs of intrigue involving power politics and drugs Key players are the Rangoon government the ethnic resistance the Communists the Kuomintang and the US government This revised and updated edition includes five extensive appendixes for serious readers and Burma scholars alike a list of acronyms a chronology of events a who s who of important figures in Burma s insurgency an annotated list of rebel armies and biographical sketches of the Thirty Comrades Bertil Lintner one of Burma s Myanmar s closest and most incisive observers has written an important book It is more than a study of the drug trade and the minority rebellions It is in a sense a history of Burma since independence No one concerned with Burma with Southeast Asia or with international narcotics affairs can neglect this work David I Steinberg Georgetown University *Drug Trafficking Update* ,1992 **The Scots Law Times** ,1905 **The Saturday Evening Post** ,1916 *Drug Wars and Covert Netherworlds* James H. Creechan,2021-12-07 The popular history of narco Mexico has long been narrowly framed by the U S War on Drugs Stereotypes overemphasize the criminal agency of celebrity drug lords Common understanding of the narco world is rooted in mythology and misunderstanding and the public narrative has consistently downplayed links to respected individuals and legitimate society

In *Drug Wars and Covert Netherworlds* sociologist and criminologist James H Creechan draws on decades of research to paint a much more nuanced picture of the transformation of Mexico's narco cartels. Creechan details narco cartel history focusing on the decades since Richard Nixon declared the War on Drugs. With sobering detail Creechan unravels a web of government dependence, legitimate enterprises, covert connections, and violent infighting. He details how drug smuggling organizations have grown into powerful criminal mafias with the complicit involvement of powerful figures in civil society to create covert netherworlds. Mexico is at a moment of change, a country on the verge of transition or perdition. It can only move forward by examining its history of narco connections spun and re-spun over the last fifty years.

Time Britton Hadden, Henry R. Luce, 1996 *The Transactions of Lord Louis Lewis* Roland Pertwee, 1917 [The Drug Crisis](#), 1989 [Science Reporter](#), 1994 **Jim Kobak's Kirkus Reviews**, 1991 [Gus Openshaw's Whale Killing Journal](#) Keith Thomson, 2006. When Oakland catfood cannery worker Gus Openshaw's wife, kid, and arm are eaten by a sperm whale, he goes to sea to find the blubbery bastard and get revenge. Along the way, he and his crew escape death on a near-daily basis. Some days, death wins.

Computer Gaming World, 1991 **John Guare's Theatre** Robert J. Andreach, 2009. From the 1960s to the present day, John Guare's plays have ranged from one act to cyclic, realistic to surrealistic, naturalistic to experimental, and tragic to comic dramas. This study of Guare's approach to the cornucopia of playwriting he provided when, in an interview, he gave a fundamental aesthetic principle of his craft: "Like a person, and Guare's plays develop the personal as well as the artistic self, a play must be grounded in reality; only then can it soar. The ground is traditional theatre with characters, no matter how larger than life they can be, and plot, no matter how illogical it can be. The soaring is in interrupting the action with monological narratives and musical interludes, bringing characters back from the dead and having the action take hairpin turns into a mixture of genres and styles, modes and tones. In verbal and visual images, the flight invokes works by authors as varied as Aeschylus and Whitman, Dante and Feydeau, Verdi and Romberg. Soaring from ground to new ground, the theatre creates the transmission of the American heritage in Lake Hollywood, an idealism corrupted by a fraudulent American Dream in *Lydie Breeze* and the recovery of the past in *A Few Stout Individuals*. As Guare said about his plays, they reinterconnect."
