## **The Riverside Killer:**

*The Riverside Killer* Christine Keers, Dennis St. Pierre, 1996 The story of the Riverside Killer is told by the homicide detective who cracked the case and covers the efforts of the investigative team the double life of stock clerk William Lester Suff and his six year murder spree Original

**The Chili King** Brian Lee Tucker, 2016-03-27 And as cozy as their house had seemed there was a cold secret beneath the house At the bottom of the basement stairs and beyond a small pond like sized puddle was where evil lived It was the only part of the house that was always cold and damp no matter the time of day or time of year Structurally speaking it was part of the house but there were two perhaps three steps that separated home from Hell Time at the bottom of those stairs didn't seem to exist either like a black hole between space where the air was always still and metallic It had seen so much horror it become death itself In this basement death was the butchers apprentice and William Suff was the master A simple country man A family man His way of life this was the way he and his family survived He provided for them and he was good at it Unbeknownst to him the brutality of his actions caused people pain and suffering The people that he butchered and maimed then killed In fact it was alleged that he used the breast of one of his victims in his chili which won the Riverside County Employee Chili Cook off In *THE CHILI KING* author Brian Lee Tucker examines the case through William Suff's eyes through his mind and beyond into a nightmarish world where death is the normality and cannibalism the main course

*Song of the wanderers* 洛元沙 Luo Yuan-Sha, A group of strays is on the run but from what Cruel truths come to light as they journey on They know that only teamwork can help them survive The Long River flows from the Dam upstream down to the Old Skybridge the Overpass the Forest the Sewage Outlet to the Docks Along the riverside stray dogs form six packs each with their own alpha and territory They keep away from humans follow the rules When a pampered pet dog and a native Formosan dog from the fighting pits meet by the river an unbreakable bond forms between them From their friendship springs the Seventh Pack disrupting the riverside balance With the resulting race for survival dark truths surrounding humans and the capturing of strays are revealed

*I Am The River* Kelly Romo, 2023-06-15 HE is the river HE takes who he wants and releases who HE wants Emmy Jenkins knows what it feels like to have a serial killer come after her She escaped HIM twice Emmy and Brian must start over in a new town away from the tragic events and the killer's family Unfortunately HE escapes custody The authorities think the killer committed suicide by drowning himself in the river They do not locate his body but they do find a girl drowned in Elk Lake Her death is ruled an accidental drowning but Emmy knows HE is still alive And HE is coming for her To prove himself worthy of immortality HE follows the river to its source in the Cascade Mountains where HE will accept whatever the headwaters offer Suddenly his destiny is revealed when the perfect nymph with three little girls appears on the shore

**Serial Murder and Media Circuses** Dirk C. Gibson, 2006-07-30 The Axman of New Orleans specialized in killing grocers of Italian descent in the 1910s apparently to promote jazz music Dorothea Puente was a little old landlady who murdered her tenants but kept cashing their government

checks The Manson Family terrorized California in the 1960s as did the Hillside Stranglers a decade later Twelve serial murder cases occurring in eight decades between the 1890s and 1990s had one thing in common significant presence of the mass media This book examines these specific cases of serial murder and the way the media became involved in the investigations and trials of each Gibson argues that the American media plays a multidimensional and integral role in serial killings and their investigation and that this role is not generally a positive one Serial murder cases motivate the media in unfortunate ways and the result is that even typically respectable media organizations can be involved in such things as document theft or in interfering with the capture of serial murderers on the run This link between multiple murderers and mass communication is not accidental or coincidental rather the relationship between the press and serial killers is one of extraordinary importance to both parties Gibson examines the role of the media in serial murder cases the body of knowledge on serial murder as seen through the lens of mass communication the effectiveness of law enforcement responses to serial murderers and how they might be improved if the mass communication influence was better understood the magnitude of the serial murder problem and the interaction between the media the killers and serial murder investigations Specific examples and numerous quotes are provided throughout to illustrate this strange and detrimental relationship between media and serial murderers
