The Disappearing Body:

The Disappearing Body David Grand, 2002-02-19 At once a noir thriller and a literary excursion into urban America between the wars *The Disappearing Body* is a tale of drug dealing and union busting murder and mayhem on both sides of the law that combines the atmospheric richness of Dashiell Hammett and the irresistible subversive humor of Thomas Pynchon When Victor Ribe an ex junkie and World War I veteran is mysteriously released from prison after serving fifteen years for a murder he didn't commit the city he returns to is heating up for another kind of war Prohibition has been repealed and the underworld is developing a new source of profits illegal heroin trafficking Meanwhile the city's legitimate industries are launching an offensive against unionization and the specter of Communism and they're not above fighting dirty When Victor's old Army buddy Freddy Stillman a munitions salesman reports a murder but can't explain why the body has disappeared he unwittingly pulls himself and Victor into this bewildering swirl of corruption It is a conspiracy that encompasses everyone from a rising politician who may have just run into the end of his career to a young journalist driven as much by the nonstop energy of the Metro desk as she is by the mystery of her father's suicide in the book's vast noir cityscape David Grand whose first novel *Louse* transformed the last days of Howard Hughes into compelling fiction works the same dark magic here weaving suspenseful mystery into his stunning perversely hilarious portrait of the corruption ambition passion and innocence of post Prohibition America

People of the Bomb Hugh Gusterson, 2004 E L Doctorow suggested that in the years since 1945 the nuclear bomb has come to compose the identity of the American people Developing this theme Hugh Gusterson shows how the military industrial complex has transformed public culture personal psychology in America to create a nuclear people
