DAY of the DOZENS

# The Dozens

**R Barnett**

## **The Dozens:**

**The Dozens** Elijah Wald, 2012-06 Following his groundbreaking explorations of the blues and American popular music in *Escaping the Delta* and *How the Beatles Destroyed Rock n Roll* Elijah Wald turns his attention to the tradition of African American street rhyming and verbal combat that ruled urban neighborhoods long before rap the viciously funny outrageously inventive insult game called the dozens At its simplest the dozens is a comic concatenation of yo mama jokes At its most complex it is a form of social interaction that reaches back to African ceremonial rituals Whether considered vernacular poetry verbal dueling a test of street cool or just a mess of dirty insults the dozens has been a basic building block of African American culture A game which could inspire raucous laughter or escalate to violence it provided a wellspring of rhymes attitude and raw humor that has influenced pop musicians from Jelly Roll Morton to Ice Cube Wald explores the depth of the dozens roots looking at mother insulting and verbal combat from Greenland to the sources of the Niger and shows its breadth of influence in the seminal writings of Richard Wright Langston Hughes and Zora Neale Hurston the comedy of Richard Pryor and George Carlin the dark humor of the blues the hip slang and competitive jamming of jazz and most recently in the improvisatory battling of rap A forbidden language beneath the surface of American popular culture the dozens links children s clapping rhymes to low down juke joints and the most modern street verse to the earliest African American folklore In tracing the form and its variations over more than a century of African American culture and music *The Dozens* sheds fascinating new light on schoolyard games and rural work songs serious literature and nightclub comedy and pop hits from ragtime to rap

**Language in the Inner City** William Labov, 1972 *Language in the Inner City* firmly establishes African American Vernacular English not simply as slang but as a well formed set of rules of pronunciation and grammar capable of conveying complex logic and reasoning and confirms the Black vernacular as a separate and independent dialect of English
