**Thought Forces**  
Prentice Mulford, 2007-03-01 Prentice Mulford was once described as a thinking man, not a reading man. His insights into the mysteries surrounding humanity derived from firsthand thought and experience, not from books. On such age-old topics as the power of the mind, buried talent, the necessity of recreation, and cultivating repose, all found in this collection, Mulford's attempts to understand our transcendental and physical natures were intuitive and sympathetic, not ordered and logical. This very human quality, along with an unrelenting optimism and faith in man's goodness, lend a freshness and vitality to his work that transcend era. This is self-help for the soul, mind, and body.

American author PRENTICE MULFORD (1834-1891) is one of the oddest fixtures of 19th-century literature. After moving for years in the literary and Bohemian sets of San Francisco in the 1860s as a writer of humorous short stories, he lived as a hermit in New Jersey where he wrote the books of modern spirituality that made him a pioneer of modern self-help philosophies, including *Thoughts Are Things* and *The God in You*.

*The Prentice Mulford Premium Collection: "New Thought" Studies, Novels & Memoirs* Prentice Mulford, 2024-01-08 In *The Prentice Mulford Premium Collection: New Thought Studies, Novels, Memoirs*, readers are invited into a rich tapestry of 19th-century thought that blends fiction, philosophy, and personal reflection. The collection showcases Mulford's pioneering contributions to the New Thought movement, characterized by an engaging literary style that marries narrative with profound metaphysical insights. Through a combination of thought-provoking essays, enlightening memoirs, and imaginative narratives, Mulford challenges conventional beliefs, promoting an optimistic worldview rooted in the power of thought and intention. This work not only reflects the cultural currents of its time but also serves as a precursor to modern self-help literature, making it a critical text for understanding the evolution of American spiritual thought.

Prentice Mulford (1834-1891) was a key figure in the New Thought movement, an era marked by a shift in spiritual thinking that emphasized personal empowerment and mental resilience. His own life experiences, including struggles with health and societal norms, galvanized his writings, infusing them with a genuine desire to uplift and inspire. Mulford's journey as a writer, lecturer, and thinker reveals his belief in the transformative potential of positive thought, which is woven throughout this compelling collection. This collection is a must-read for anyone interested in the intersections of spirituality, psychology, and literature. It serves not only as an exploration of Mulford's life and ideas but also as an invitation to cultivate a mindset of possibility and self-discovery.
