[Blood & Mistletoe](#) Ronald Hutton,2009-05-26 The acclaimed author of *Witches* *Druids* and *King Arthur* presents a lucid open minded cultural history of the Druids as part of British identity Terry Jones Crushed by the Romans in the first century A D the ancient Druids of Britain left almost no reliable evidence behind Historian Ronald Hutton shows how this lack of definite information has allowed succeeding British generations to reimagine reinterpret and reinvent the Druids Hutton s

captivating book is the first to encompass two thousand years of Druid history and to explore the evolution of English Scottish and Welsh attitudes toward the forever ambiguous figures of the ancient Celtic world Druids have been remembered at different times as patriots scientists philosophers or priests Sometimes portrayed as corrupt bloodthirsty or ignorant they were also seen as fomenters of rebellion Hutton charts how the Druids have been written in and out of history archaeology and the public consciousness for some 500 years with particular focus on the romantic period when Druids completely dominated notions of British prehistory Sparkling with legends and images filled with new perspectives on ancient and modern times this fascinating cultural study reveals Druids as catalysts in British history

The Druids Charles River Editors, Jesse Harasta, 2013-12 Includes pictures Includes ancient accounts of the Druids written by Caesar Cicero Pliny and more Explains the modern revival of Druids Includes footnotes and a bibliography for further reading Throughout all of Gaul there are two classes of people who are treated with dignity and honor This does not include the common people who are little better than slaves and never have a voice in councils Many of these align themselves with a patron voluntarily whether because of debt or heavy tribute or out of fear of retribution by some other powerful person Once they do this they have given up all rights and are scarcely better than servants The two powerful classes mentioned above are the Druids and the warriors Druids are concerned with religious matters public and private sacrifices and divination Julius Caesar The Celts are one of the most well known groups in Europe and one of the least understood Depending on which classifications are used the Celts are also one of the oldest civilizations in Europe In the centuries before Christ the Celts were spread out across much of continental Europe and though they are mostly identified with Gaul evidence suggests they also spread as far as Portugal However even though they were spread out across Europe before the height of the Roman Empire most people associate the Celts with the British Isles today particularly Ireland and Scotland After they had been relegated to those smaller regions as a result of the Romans and other migrations the culture of the Celts as it is currently understood began to congeal during the Early Middle Ages and Celtic culture folklore and legend have all become inextricably intertwined with Irish history and British history as a whole The Celts have fascinated people for centuries and the biggest fascination of all has been over the Druids a religious class at the heart of Celtic society that wielded great power Naturally people have been interested in Druids for centuries mostly because they don't understand much about the Druids or their practices The earliest meaning of the word comes from the Ancient Romans who labeled them Druidae in reference to the white robed order of Celtic priests living in Gaul Britain and Ireland They were a well organized secretive group who kept no written records and performed their rituals allegedly including human sacrifice in oaken groves all of which interested and horrified the Romans The order was eventually crushed under the weight of first Roman conquest and then the imposition of Christianity and from the remains centuries of myths imaginings and dreams were superimposed over the little that was known about the Druids Not surprisingly people have come to associate the Druids with what have been imposed Even today there is a revived

Druidic religious movement that fuses this skeleton of knowledge about the ancient Druids with ideas such as rituals at standing stones like Stonehenge nature and sun worship the carrying of ornate staves and Arthuriana Wider popular culture has seen Druids usually some form of secretive nature priests in games like Dungeons and Dragons and World of Warcraft and films like Wicker Man 1973 and 2006 and Druids 2001 The Druids The History and Mystery of the Ancient Celtic Priests explores the known and unknown about the Druids from the historical evidence of their existence and practices to the evolution of Druidic concepts over time This book also looks at the growth of Druidism since the 1700s along with the practitioners who embrace new ideas and beliefs Along with pictures and a bibliography you will learn about the Druids like you never have before in no time at all
