The Way In:

The Way into the Holy of Holies Lynn Ferder,2014-10-15 So often we struggle in prayer trying to find the words and the right way to approach a Holy God It can be a frustration and lead us to feel inadequate and wonder if our prayers are even heard Yet God has given us a model for prayer and how to approach a Holy God in the Old Testament Tabernacle of Moses Step by step we are guided into the presence of God through the symbolic meaning of each piece of furniture in the Tabernacle This study helps us to discover the simplicity of coming boldly into Gods presence in prayer It gives us the words we struggle to find in prayer Step by step we are shown how to prepare our heart for the next depth in God The Way into the Holy of Holies will open our eyes and our understanding of prayer It will fill our hearts with wonder and adoration for God as we discover the true tabernacle is the Lord Jesus

Method and Order in Renaissance Philosophy of Nature Daniel A. Di Liscia,Eckhard Kessler,2016-12-05 The volume results from a seminar sponsored by the Foundation for Intellectual History at the Herzog August Bibliothek Wolfenbttel in 1992 Starting with the theory of regressus as displayed in its most developed form by William Wallace these papers enter the vast field of the Renaissance discussion on method as such in its historical and systematical context This is confined neither to the notion of method in the strict sense nor to the Renaissance in its exact historical limits nor yet to the Aristotelian tradition as a well defined philosophical school but requires a new scholarly approach Thus besides Galileo Zabarella and their circles which are regarded as being crucial for the emergence of modern science in the end of the 16th century the contributors deal with the ancient and medieval origins as well as with the early modern continuity of the Renaissance concepts of method and with non regressive methodologies in the various approaches of Renaissance natural philosophy including the Lutheran and Calvinist traditions
