NADA, 1923 *Witchcraft, Oracles, and Magic Among the Azande* Edward Evan Evans-Pritchard, Eva Gillies, 1976 *Witchcraft Oracles and Magic among the Azande* first published in 1977 was based on anthropological researches carried out in the Southern Sudan during the late 1920s For a decade or so the book had little discernable impact but from the early 1950s to present day its influence has grown incalculably so that it is now difficult even to discuss beliefs about witchcraft or sorcery without reference to it This abridgement of E E Evans Pritchard's acknowledged masterpiece is intended to make it more accessible to students and the general reader

The Medical Missionary, 1901 **Good words, ed. by N. Macleod**, 1905 **The Anthropology of Magic** Susan Greenwood, 2020-05-28 Magic is arguably the least understood subject in anthropology today Exotic and fascinating it offers us a glimpse into another world but it also threatens to undermine the foundations of anthropology due

to its supposed irrational and non scientific nature Magic has thus often been explained away by social or psychological reduction The Anthropology of Magic redresses the balance and brings magic as an aspect of consciousness into focus through the use of classic texts and cutting edge research Suitable for student and scholar alike The Anthropology of Magic updates a classical anthropological debate concerning the nature of human experience A key theme is that human beings everywhere have the potential for magical consciousness Taking a new approach to some perennial topics in anthropology such as shamanism mythology witchcraft and healing the book raises crucial theoretical and methodological issues to provide the reader with an engaging and critical understanding of the dynamics of magic Join the live discussion on Facebook
