Yorkshire Ripper - The Secret Murders Chris Clark & Tim Tate,2015-06-29 In 1981 Peter Sutcliffe the Yorkshire Ripper was convicted of thirteen murders and seven attempted murders All his proven victims were women most were prostitutes Astonishingly however this is not the whole truth There is a still secret story of how Sutcliffe s terrible reign of terror claimed at least twenty two more lives and left five other victims with terrible injuries These crimes attacks on men as well as women took place all over England not just in his known killing fields of Yorkshire and Lancashire Police and prosecution authorities have long known that Sutcliffe s reign of terror was far longer and far more widespread than the public has been led to believe But the evidence has been locked away in the files and archives ensuring that these murders and attempted murders remain unsolved today As a result the families of at least twenty two murdered women have been cheated of their right to know how and why their loved ones died the pain of living with that may diminish over time but it never fades away completely Five other victims survived his attacks their plight too has never been officially acknowledged Worse still police blunders and subsequent suppression of evidence ensured that three entirely innocent men were imprisoned for murders committed by the Yorkshire Ripper They each lost the best parts of their adult lives locked up and forgotten in stinking cells for more than two decades This book by a former police Intelligence Officer is the story not just of those long cold killings of the forgotten families and of three terrible miscarriages of justice It also uncovers Peter Sutcliffe s real motive for murder and reveals how he manipulated police prosecutors and psychiatrists to ensure that he serves his

sentence in the comfort of a psychiatric hospital rather than a prison cell

account of one of Britain's most notorious serial killers intertwining history, crime, and human psychology **The Yorkshire Ripper** Baron Boulos, 1983 **Somebody's Husband, Somebody's Son** Gordon Burn, 2004-03 This study of Peter Sutcliffe the Yorkshire Ripper is an illuminating study about a mass murderer *Somebody's Mother, Somebody's Daughter* Carol Ann Lee, 2019-03-21 Much has been written about the brutal crimes of Peter Sutcliffe the Yorkshire Ripper and thirty five years after he was sentenced to life imprisonment for the murder of thirteen women scarcely a week goes by without some mention of him in the media In any story featuring Sutcliffe however his victims are incidental often reduced to a tableau of nameless faces But each woman was much more than the manner of her death and in *Somebody's Mother Somebody's Daughter* Carol Ann Lee tells for the first time the stories of those women who came into Sutcliffe's murderous orbit restoring their individuality to them and giving a voice to their families including the twenty three children whom he left motherless Based on previously unpublished material and fresh first hand interviews the book examines the Yorkshire Ripper story from a new perspective focusing on the women and putting the reader in a similar position to those who lived through that time The killer although we know his identity remains a shadowy figure throughout present only as the perpetrator of the attacks By talking to survivors and their families and to the families of the murdered women Carol Ann Lee gets to the core truths of their lives and experiences not only at the hands of Sutcliffe but also with the Yorkshire Police and their crass and ham fisted handling of the case where the women were put into two categories prostitutes and non prostitutes In this book they are simply women and all have moving backstories The grim reality is that not enough has changed within society to make the angle this book takes on the Yorkshire Ripper case a purely historical one Recent news stories have shown that women and girls who come forward to report serious crimes of a sexual nature are often judged as harshly and often more so than the men who have wronged them The Rochdale sex abuse scandal the allegations against Harvey Weinstein and the US President's deplorable comments about women are vivid reminders that those in positions of power regard women as second class citizens At the same time the discussions arising from these recent stories and much of the reporting show that women are judged today as much on their preferences habits and appearance as they were at the time of the Yorkshire Ripper attacks The son of Wilma McCann Sutcliffe's first known murder victim told the author We still have a very long way to go and in that regard he is correct Hard hitting and wholly unique in approach this timely book sheds new light on a case that still grips the nation Yorkshire Ripper Chris Clark, 2015 The Yorkshire Ripper's reign of terror is well known but many remain unaware of the full truth behind the brutal attacks that shocked the nation many years ago Countless crucial details of murder manipulation and miscarriages of justice have been hidden from the public and the true extent of the Ripper's crimes still remain hidden to this day **"--Somebody's Husband, Somebody's Son"** Gordon Burn, 1984 **Shadow Cinema** James Fenwick, Kieran Foster, David Eldridge, 2020-11-12 Filmmakers and cinema industries across the globe invest more time money and creative energy in projects and ideas that never get produced than in the movies that actually make it

to the screens Thousands of projects are abandoned in pre production halted cut short or even made and never distributed a shadow cinema that exists only in the archives This collection of essays by leading scholars and researchers opens those archives to draw on a wealth of previously unexamined scripts correspondence and production material reconstructing many of the hidden histories of the last hundred years of world cinema Highlighting the fact that the movies we see are actually the exception to the rule this study uncovers the myriad reasons why failures occur and considers how understanding those failures can transform the disciplines of film and media history The first survey of this new area of empirical study across transnational borders Shadow Cinema is a vital and fascinating demonstration of the importance of the unmade unseen and unknown history of cinema
