LOVE Yosemite Postcards ,2016-08-01 Yosemite National Park is breathtaking The sound of rushing falls wildlife sightings imposing cliffs and the smell of sweet sugar pines captivate the senses With 4 million annual visitors remarkably it s still the perfect place to see the world as it once was a rugged and fantastic wilderness Yosemite delivers Half Dome a hiker s paradise El Capitan the largest known single piece of granite Yosemite Falls 6th highest waterfall in the world Giant Sequoias earth s largest trees sweeping vast meadows and more LOVE Yosemite goes further peek inside a canvas tent stroll the museum grounds hike the High Sierras visit historichotels drop your mail at the tiniest post office find that lost sock and drive through the tunnel that leads to Tunnel View **Postcards from the Ledge** Greg Child,1998 Child s tongue in cheek

style is very much on display here in stories that reveal climbing's other face. His description of the daily habits of mountaineers on expedition who don't bathe for months is both disgusting and horrifyingly funny. A post-climb fiasco in the offices of petty Pakistani bureaucrats proves that not all epics take place on high mountain faces. Falling off a rock climb in front of his mother is an exercise in humility. Child takes up controversy with the same keen insight. His investigation of Tomo Cesen's claimed first ascent of Lhotse's south wall is considered the definitive report on this controversial event. A hard look at the media frenzy around the death of Alison Hargreaves on K2 evolves into a brilliant impassioned defense of a friend. He also speaks out on the money and media-driven expeditions that now crowd Everest. **Ansel Adams** Ansel Adams, 1996
