The Zero Hour Joseph Finder, 2011-05-24 FBI Special Agent and counterterrorism expert Sarah Cahill doesn't know the man she's tracking. But the so-called Prince of Darkness knows her intimately. So when Sarah is summoned to Wall Street to investigate, little does she know that she's the one under surveillance until the terrorist infiltrates himself into the deepest, most desperate corners of her life. Most Nordic labour market and welfare state models are shaped around the notion of the standard full-time open-ended contract. However, the recent development in non-standard work (NSW) may challenge these institutions. In this TemaNord report, we analyse the recent development of NSW within the context of the Nordic models. We draw on Nordic Labour Force Survey data to map the recent development in the well-known forms of NSW and through in-depth case studies we explore emerging NSW practices and policy responses. There has been a fairly stable development in NSW across the Nordics, but the sector-specific statistics and case studies display significant changes beneath this still surface. We find examples of novel policy responses to these developments, but the corona crisis also revealed gaps in the Nordic social and employment protection regarding emerging forms of NSW.
